WILL SEARCH FOR GEN. WOOD, LOST AT SEA

IRISH ARRESTS MORE THAN 300 SINN FEINERS IN ERIN'S BIGGEST RAID

(BY CABLE AND ASSOCIATED PRESS.)
DUBLIN, May 23.—Three hundred or more prisoners were taken by special constables in the various counties of Ireland today. The prisoners comprised for the most part offshoots of the Irish republican army, as well as members of the Sinn Fein and other organizations opposed to the British government.

The northern government has been successful in its attempt to suppress the Sinn Fein. The Sinn Fein has been active in the round-up of the Irish republican army, as well as members of the Sinn Fein and other organizations opposed to the British government.

It is evident that the two factions in Ireland have diametrically opposite attitudes toward the British government. The Sinn Fein is a republican organization, and the British government is a pro-British organization. The Sinn Fein is a republican organization, and the British government is a pro-British organization.

The Sinn Fein is a republican organization, and the British government is a pro-British organization. MAKES LIFE WITH VICTIM

Soderman Testifies to Save Husband Accused of Slaying Jay Clay Powers

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, May 23.—Mrs. Dora Soderman, testifying today in court, said that she had been on intimate terms with her husband, who was accused of slaying Jay Clay Powers, a prominent San Francisco politician.

Mrs. Soderman testified that she had been on intimate terms with her husband, who was accused of slaying Jay Clay Powers, a prominent San Francisco politician. Mrs. Soderman testified that she had been on intimate terms with her husband, who was accused of slaying Jay Clay Powers, a prominent San Francisco politician.

White House Firm Against Borah's Plan

Edge Raps Hard at Scheme and Says Russians Are Not to be Trusted

(BY GRAPTON S. WILCOX)
WASHINGTON, May 23.—While the Senate today debated the Borah resolution for recognition of the Russian soviet government, it was made clear that the White House was firmly against the plan.

The White House is firmly against the Borah resolution for recognition of the Russian soviet government. The White House is firmly against the Borah resolution for recognition of the Russian soviet government. The White House is firmly against the Borah resolution for recognition of the Russian soviet government.

President Ford Aim of Flivver Maker's Friends

(BY A. P. NIGHT WIRE.)
DETROIT, May 23.—A public mass meeting to organize a "Ford for President" club was held tonight in Dearborn, Detroit suburb, and the home of the automobile manufacturer.

PROSECUTION CLOSES IN BOTTOMLEY CASE

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, May 23.—The prosecution closed today in the case of Horatio Bottomley, member of Parliament and former editor of John Bull, who is on trial charged with misappropriation of funds belonging to the Liberty Bond Club.

NEW ANGLE IN WARD CASE

Investigation at White Plains Reveals Facts Discrediting Slaying Confession

(EXCLUSIVE DISPATCH.)
NEW YORK, May 23.—Walter S. Ward, young millionaire baker and confessed slayer of ex-Navy man, Clarence Peters of Haverhill, Mass., swallowed a nearly fatal dose of poison about six weeks ago, according to a new angle in the case.

SUTTER AMBUSHED BY INDIANS; RIFLEMEN TO RESCUE OF '49 PIONEERS

(EXCLUSIVE DISPATCH.)
SACRAMENTO, May 23.—Realistically portraying the events of a day in August, 1849, Capt. John A. Sutter, in the person of Hobart Bosworth, today landed from a sloop on the banks of the Sacramento River and re-enacted the founding of the city of Sacramento, as the opening pageant of the stirring "Days of '49" celebration.

HEARST AS CANDIDATE PROBABLE

Sails for England Denying He is in Receptive Mood; String Attached

(EXCLUSIVE DISPATCH.)
NEW YORK, May 23.—William Randolph Hearst sailed for Merrie England today, leaving behind a well-defined political impression that he is a subversive candidate for the New York Governorship.

PROSECUTION CLOSES IN BOTTOMLEY CASE

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, May 23.—The prosecution closed today in the case of Horatio Bottomley, member of Parliament and former editor of John Bull, who is on trial charged with misappropriation of funds belonging to the Liberty Bond Club.

NEW ANGLE IN WARD CASE

Investigation at White Plains Reveals Facts Discrediting Slaying Confession

(EXCLUSIVE DISPATCH.)
NEW YORK, May 23.—Walter S. Ward, young millionaire baker and confessed slayer of ex-Navy man, Clarence Peters of Haverhill, Mass., swallowed a nearly fatal dose of poison about six weeks ago, according to a new angle in the case.

The date of the poisoning approximates one given by Ward in his confession Monday in White Plains as the one on which he first was visited by the alleged band of blackmailers, to which Peters is alleged to have belonged.

Japanese Lose by Unanimous Court Ruling

United States Circuit Judges Declare Treaty is Not Transgressed

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, May 23.—California's alien land law violates no provisions of the Constitution of the United States, nor does it conflict with the treaty between the United States and Japan, was the unanimous opinion rendered today by Judge Morrow of the United States Circuit Court of Appeals and Judges Dooling and Sawelle of the United States District Court.

The three judges sat en banc to pass upon the application of Raymond L. Frick and N. Satow, the latter a subject of Japan, who sought to enjoin the state of California from enforcing the transfer of stock in the Merced Farm Company from Frick to Satow.

PROCLAIM MARTIAL LAW IN GUATEMALA

MEXICO CITY, May 23.—Dispatches from Tapachula, Chiapas, today said martial law had been proclaimed throughout Guatemala as a result of a serious revolutionary movement against President Orellana, in that country have been suspended, the dispatches said.

TWO CHINESE MARRY WHITE GIRLS

VANCOUVER (Wash.) May 23.—Two Chinese men and two white girls obtained licenses here yesterday, and were refused the services of several of the members of the Vancouver Ministerial Association, finally found a retired minister, Rev. W. H. Swartz of the Baptist church, who performed the ceremony. The couples were Frank Kim, 24, and Celeste Carson, 24, of Portland, and Andrew Wee, 24, and Deloris Carson, 24, of Portland.

UNIDENTIFIED MAN INJURED BY FALL

An unidentified man of about 25 years of age was perhaps fatally injured last night when he fell from a moving automobile at Sixteenth and Los Angeles streets. Frank A. Williams, man, apparently intoxicated, had attempted to jump on the running board of the machine as it started away from the curb and slipped and fell. He was taken to the Receiving Hospital, where it was found he suffered a fracture of the skull.

DEL MAR BATH-HOUSE DESTROYED BY FIRE

Fire, starting from crossed electric wires, early this morning totally destroyed the bath-house at Del Mar, a summer resort near San Diego. The damage is estimated at \$10,000. The bath-house, which is run in connection with the Stratford Hotel and owned by the Southeast Land Company of Los Angeles, was built in 1908. It was said to be one of the largest on the coast. Forty men employed in the hotel and bath-house were sleeping in the building, but escaped injury. They lost all personal effects.

ATTEMPTS SUICIDE IN WESTLAKE PARK

Regaining consciousness following several hours of investigation by police detectives of what at first appeared a mystery, a woman giving her name as Mrs. Lillian Wilson, 42 years of age, early this morning at the Receiving Hospital told how she had chloroformed an attempt to end her life because of domestic trouble. Police Surgeon Saverius said that she would live. Mrs. Wilson said she was employed at the Pacific Knitting Mills and that she had been married to a man who was a drunkard. She had been married to a man who was a drunkard. She had been married to a man who was a drunkard.

REV. DR. BRIEGLER SAYS FILM FOLK RIDICULING PROTESTANT MINISTERS

(BY A. P. NIGHT WIRE.)
DES MOINES, May 23.—Waving a letter from Bill Hart, two-gun motion-picture star, in the faces of 800 Presbyterian commissioners of the one hundred and thirty-fourth General Assembly here this afternoon, Dr. Gustav Briegleb of Los Angeles charged that films are ridiculing Protestant pastors in their pictures in retaliation for censorship campaigns being conducted against them by Protestant denominations.

Hart's letter was in reply to one from the California pastor protesting against a picture in which a pastor is portrayed as robbing a stage coach in order to complete the construction of a small church. The grim hero of the studios, who is himself the author of the scene, in question, replied that he admired a man brave enough to go ahead with his good work, although it involves robbing a stage coach.

SAVED FROM NOOSE

Later in the picture the pastor is caught by a posse and is hanged from a gallows by a well-directed shot from his trusty pistol. The scene is a caricature of a Catholic priest, who is shown in a state of distress, and his application for a temporary injunction should be denied; that the California statute therein involved violates no provisions of the Constitution of the United States, nor does it conflict with the treaty between the United States and Japan; that the plaintiff's application for a temporary injunction should be denied; that the California statute therein involved violates no provisions of the Constitution of the United States, nor does it conflict with the treaty between the United States and Japan.

MILLIONS WON BY HEIRS

Children of Henry Miller Wealthier by Action Taken in Inheritance Tax Proceeding in Court

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, May 23.—Heirs of the late Henry Miller, of Miller & Lux, were several millions richer when Asst. U. S. Atty. E. M. Leonard today stipulated that judgment could be given in their favor in the United States District Court to compel the Collector of Internal Revenue to return \$2,500,000 cash paid under protest as inheritance tax. A second suit for \$2,000,000 brought by the government was ordered dismissed.

SEARCH FOR GEN. WOOD

Yacht of Chief Executive of Philippines Caught in Typhoon; No Word of Outcome

(BY A. P. NIGHT WIRE.)
WASHINGTON, May 23.—The War Department was besieged with inquiries today from friends of Gen. Leonard Wood in the hope that some word had been received of him since his yacht was caught in a typhoon near the Island of Mindoro, in the Philippine Islands, but the department had received no advice from Manila.

UNIVERSITY POST

At the same time the University of Pennsylvania indicated its appreciation of his ability by appointing him to the position of professor of history, a post he has held since 1912. Gen. Wood is well known as the lifelong friend of the late President Roosevelt with whom he was closely associated in their early Washington days, then as commanding officer of the famous Rough Rider cavalry regiment in Cuba and later as Chief of Staff in the Roosevelt administration at Washington.

MELLON STARTS TO CLEAN HOUSE

Appointees of Elmer Dyer Are Discharged

Republican Leaders Likely to Open Fight

Offices Abolished; Work is Transferred

(EXCLUSIVE DISPATCH.)
WASHINGTON, May 23.—An announcement that Secretary Mellon and Commissioner of Internal Revenue Blair will hereafter handle all appointments in the internal revenue service, and possibly marking the elimination of Elmer Dyer, Assistant Secretary of the Treasury, from participation in further appointments, and abolishing two important positions filled by the latter with Republicans recommended by leaders of the party, was made today.

This is a culmination of differences of opinion existing for some time in the Treasury Department, and is a confirmation of rumors long in circulation that there was to be a shake-up in the internal revenue bureau. It was regarded as the man who would and would handle patronage matters to the satisfaction of the Republican members.

DOVER APPOINTED

For more than a year there has been criticism of Secretary Mellon and Commissioner of Internal Revenue Blair for their failure to clear the rolls of Democrats. Recently it was desired in the place of internal revenue collector Blair. Finally Elmer Dyer was appointed assistant secretary in charge of internal revenue and customs. He immediately started to reorganize both departments.

In abolishing two important offices and terminating the services of two of Dyer's aids in these important posts, the Secretary of the Treasury has upheld the recommendations of the Board of Education, and apparently destroyed the first steps of Dyer toward a complete reorganization. The official announcement on the part of the department was made public when a copy of the following letter was sent out:

LETTER PUBLISHED

Commissioner of Internal Revenue:

The tax simplification board has made the following recommendations:

That, effective at the earliest practicable date, the accounts unit and the supervisor of collections be consolidated into one unit, to be under the charge of a deputy commissioner in charge of accounts and collections.

That, effective at the earliest practicable date, the accounts unit and the supervisor of collections be consolidated into one unit, to be under the charge of a deputy commissioner in charge of accounts and collections.

That, effective at the earliest practicable date, the accounts unit and the supervisor of collections be consolidated into one unit, to be under the charge of a deputy commissioner in charge of accounts and collections.

OPPOSITION TO PARTY TICKET

Arizona Democrats to Have Fun at Primaries

Conference Idea Has Failed to Please All

Registration of Voters to be Larger

(EXCLUSIVE DISPATCH.)
TUCSON (APL), May 23.—There are evidences that the Democratic State ticket put out at the Tucson meeting is to have opposition within the party at the September primaries. There is to be a rallying on Gov. Hunt's pronouncement.

The laborers and radicals are to reject the convention as undemocratic and may rather up an opposition ticket, even though assured of defeat. They will make a strong campaign against the proposed constitutional amendments and may win a majority vote against them within their own party.

IDEA OF DEMOCRATS

The proponents of the Democratic conference idea do not deny that any disaffected or disgruntled Democrat has the right to "go to the back" at the primary in opposition to the convention slate. As one influential Democratic paper puts it: "There was nothing done at Tucson that will prevent any Democrat in Arizona from submitting his name as a candidate at the primaries; there was nothing done in the matter of providing a platform for the party that will prevent the party council, as provided by the primary election law, from performing its functions after the regular candidates have been named and a new State committee provided."

Whatever trouble there may be will start in Glendale where the State Federation of Labor is most strongly entrenched and where Hunt, involved in the fourteenth vote. Hunt now is in that neck of the political woods, continuing his "Tin-Lizzie" campaign against the amendments and against any further violations, such as the Tucson conference, of the letter or spirit of the direct primary system.

RENEWED TROUBLE

The trouble over the conference idea will be stirred afresh by a section of the call of State Chairman McCalla convening county conferences in the fourteen counties on June 21, "to recommend and endorse candidates for nomination for county offices on the Democratic ticket."

HITS HARD AT INDICTED MEN

Ast.-Atty.-Gen. Dobyns is Huffed at Tactics

"Obstructive Methods" Are Object of Attack

Palmer Anxious for Inquiry of War Frauds

(BY A. P. NIGHT WIRE.)
WASHINGTON, May 23.—Martin J. Gillen, former trustee of the Shipping Board's Emergency Fleet Corporation, under indictment with Charles W. Morse and others, "should abandon all obstructive tactics" and submit to a speedy trial if he feels he has been unjustly indicted, Fletcher Dobyns, special assistant to the Attorney-General, declared today in a statement replying to Gillen's published accusation that testimony favorable to him was suppressed by Mr. Dobyns and General Counsel Elmer Schlesinger of the Shipping Board.

"I have read the summaries which have appeared in the press of the statement of Mr. Martin J. Gillen, addressed to the President, the Attorney-General, and others," Mr. Dobyns's statement said. "When this is taken in connection with somewhat similar statements issued last week by Mr. Barber and Mr. Gibbons there is not the slightest doubt in my mind that these defendants have embarked upon a campaign whereby they hope to create a public sentiment hostile to the action of the government in connection with the prosecution of this case."

SEEKS INQUIRY
Hope that the House would pass the Woodruff resolution providing for appointment of a committee to investigate war contracts and expenditures of the War and Navy Departments and the alien property custodian's office was expressed today by Mitchell Palmer, former Attorney-General and former custodian. Mr. Palmer said he was most anxious that a complete investigation be made of the administration of enemy property, not only to disclose the magnitude of the work accomplished, but also the "plans, schemes and maneuvers now being forwarded by agents of the former German owners to undo a splendid piece of war work."

"GERMAN TO CORRE"
Asserting that the Bosch Company was "German to the core," the former Attorney-General said the representative of its "German owners declared at an official in official that his value was \$2,500,000."

ACCUSE ATTORNEY FOR SCHOOL BOARD
CHICAGO OFFICIAL SAID TO HAVE FRAUDULENTLY SOLD CITY PROPERTY

(REUTERS DISPATCH.)
CHICAGO, May 23.—William A. Bither, attorney for the Chicago Board of Education, is named in five indictments containing charges of embezzlement, larceny and conspiracy, returned by the grand jury today before Judge Scanlan of the Circuit Court. The alleged fraudulent sale of buildings on three pieces of school board property, the collection of rent and the resale of some of the buildings are the transactions involved. Henry H. Kaup, a real estate dealer, who admitted he paid Bither \$21,500 for the buildings, collected rent from the tenants and sold several buildings also is named in the indictments.

SEEK TO ORGANIZE OFFICERS IN ARMY
GEN. PERSHING SUPPORTING PLAN FOR WESTERN RESERVE

(BY A. P. NIGHT WIRE.)
WASHINGTON, May 23.—Efforts of War Western reserve and National Guard officers to bring about a nation-wide organization of all officers of the new Army were discussed today with Gen. Pershing by Thornton Mullaly of San Francisco, who was a moving spirit in the establishment of the Association of the Army of the United States in the Pacific States.

The project already has been approved by the War Department. Gen. Pershing personally is forecasting the beginning of a vital element of the national defense system.

The object of the western association, Mr. Mullaly explained, was to bring together officers of the three component parts of the Army under existing law, regulars, guardsmen and reserves at regular periods through the year for lectures and instruction in which the regular officers could pass on the up-to-date military information they have gleaned in service schools and ripened with experience with regular troops.

NOTED HORSEMAN IS FOUND DEAD

William A. Baxter, Rider in Exhibitions, Died of Fall from Animal

(BY A. P. NIGHT WIRE.)
PUERTO (Colo.) May 23.—William A. Baxter, 45 years old, expert horseman who formerly was an exhibition rider for the Buffalo Bill wild west show, was found dead, his skull fractured and his face torn by barbed wire, near his home at Undercliffe, near here, last night. He was thrown by his horse. Baxter was said to be one of the few men who could ride a galloping horse at full speed and shoot glass balls at the same time. He was employed by the government as a predatory animal hunter at the time of his death.

FARM BLOC SNUBS ITS OWN COMMITTEE

PUTS THROUGH BILL FOR EIGHT MEMBERS ON FEDERAL RESERVE BOARD

(BY A. P. NIGHT WIRE.)
WASHINGTON, May 23.—Holding the balance of power, the farm bloc in the House today turned down its own committee's recommendation to put through the bill providing for eight instead of seven members of the Federal Reserve Board, so as to assure representation of the agricultural interests.

Changes in the Senate bill as reported by Chairman McAdams of the Banking Committee, were voted down as rapidly as presented. The Senate amendment providing that no Federal Reserve building costing more than \$250,000 should be erected without the consent of Congress, was stricken out by the Banking Committee but the House put it back.

Failing to hold the board membership down to its present size, McAdams sought to put through an amendment providing that at least two of the members to be appointed by the President should be experienced in banking and finance, but it was defeated. The House also defeated an amendment by Representative London, Socialist, New York, stipulating that one member should represent labor.

MEDICAL CONVENTION SPLIT IS IMMINENT
GROUP MAY WITHDRAW FROM ASSOCIATION IN ROW OVER ETHICS

(BY A. P. NIGHT WIRE.)
ST. LOUIS, May 23.—The possibility that a group of physicians and specialists of the rank and file of the American Medical Association in convention here would withdraw and form a separate organization which would not place any restrictions on the practice of "group medicine" was indicated late today when a conference, headed by one member of the house of delegates and a number of specialists, considered the question of withdrawing from membership. Their action was prompted by the report of the committee on amendments of the constitution and by-laws in which the decision of ethical questions led to several amendments proposed against certain classes of clinics and physicians practicing group medicine. Under the constitution of the association, amendments proposed must lay over for one year before being voted upon by the house of delegates.

CHEAP CARS OFFERED RURAL MAIL CARRIERS

POSTOFFICE INSPECTORS ARE INVESTIGATING AUTOS AT \$100

(BY A. P. NIGHT WIRE.)
ATLANTA (Ga.) May 23.—Investigation of an alleged attempt to sell rural mail carriers several thousand government automobiles at \$100 each—\$50 down, was begun here today by postoffice inspectors. Letters offering to sell the machines, it was said, were signed "James D. Bailey," and said the writer was a member of Congress serving on the House Committee on Postoffice and Post roads. Recipients were cautioned not to divulge their contents.

The attention of L. A. Johnson, postoffice inspector in charge of the Atlanta district, was called to the automobile offer by C. D. Lindsay, a carrier on a route out of Tucker, Ga., who had received one of the letters written on what appeared to be official stationery of the House of Representatives. The letter requested that \$50 be remitted with his application for one of the cars, the balance to be paid in small monthly installments.

BISHOP'S ROUGH DIP CHOCOLATES

"WALL STREET WOLF" IS SOUGHT BY POLICE

LAMAR CHARGED WITH STRIKING GIRL OVER HEAD WITH BOTTLE

(REUTERS DISPATCH.)
NEW YORK, May 23.—David Lamar, the wolf of Wall street, whom detectives sought today for an alleged attack upon Miss Nan Taylor, a coarsely young model, was still in self-imposed seclusion at a late hour tonight. Miss Taylor charges that Lamar struck her on the head with a bottle in a restaurant in West Forty-ninth street early this morning. Clad only in a sheer pink nightgown, Miss Taylor had a long conference with her lawyer at her home today. It is understood that she much prefers to press a suit for monetary damages against the Wall-street operator rather than to prosecute him criminally.

"I had a dinner engagement with Johnny Hoagland last night," Miss Taylor said later, "and when I met him he was with Lamar and a girl named Betty Hudson. Lamar was in an abusive mood and began to use bad language. When I remonstrated with him he hit me with a bottle. Johnny had left the party temporarily, and when he returned and found me unconscious, I am told that he came to blows with Lamar."

SPURNED WIFE GETS VERDICT OF \$55,000

DECLARES MISFEASANCE SUIT—BAND HAD HER CONFINED IN HOSPITAL FOR INSANE

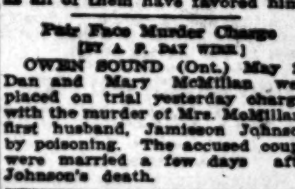

(REUTERS DISPATCH.)
CHICAGO, May 23.—Confined in the psychopathic hospital for two days at the alleged behest of her former husband and his second wife and mother-in-law, Mrs. Hannah Labord Randall, was today awarded damages of \$55,000 from the trio by a jury. The verdict was directed against Louis A. Randall, millionaire box manufacturer and chief stockholder in the F. H. Burt Company of Buffalo. He divorced Mrs. Randall in November, 1919, and subsequently married his stenographer, Miss Mamie Hardy, who also was named in the suit, as was Mrs. Randall's mother, Margaret Hardy, at whose instigation, it was charged, Mrs. Randall was confined to the hospital. In her testimony Mrs. Randall declared that the divorce obtained by Randall was fraudulent because her instituting of the suit was a mere device to get her out of the way of her husband's new wife. She said, she said, the trio conspired to send her to a hospital after Dr. Dennis F. Russell, who signed a statement asserting his belief that she was insane.

GOV. OLCOTT'S LEAD IN OREGON NOW 356

COMPLETE RETURNS FROM ALL BUT 17 PRECINCTS OF THE STATE AND PARTIAL RETURNS FROM THESE PRECINCTS TO-NIGHT GAVE STATE SENATOR HALL 42,484 AND GOV. OLCOTT 43,940 VOTES IN THE CONTEST FOR THE REPUBLICAN NOMINATION FOR GOVERNOR, A LEAD FOR OLCOTT OF 398.

Completion of the count in the mining precincts was expected slightly to lengthen OLCOTT's lead, as all of them have favored him.

Pole Face Murder Charge
(BY A. P. NIGHT WIRE.)
OWEN SOUND (Ont.) May 23.—Dan and Mary McMillan were placed on trial yesterday charged with the murder of Mrs. McMillan's first husband, Jamieson Johnson, by poisoning. The accused couple were married a few days after Johnson's death.

My method of CROWN, BRIDGE AND PLATE WORK, FILLING AND EXTRACTING is without discomfort or pain, and gives so much longer service, it makes the cost very low. Each case receives my personal attention.

SECOND REQUEST FOR PARK BONDS

Pasadena Citizens Asked to
Vote \$500,000

Naval Officer Urges Interest
in Air Craft

Board Debates Manner of
Heating Schools

(LOCAL CORRESPONDENCE.)
PASADENA, May 23.—City park bonds of \$500,000, defeated recently at a special city election, will be revived again in the fall, reduced to \$400,000, it was stated today by City Manager C. W. Koller.

The City Manager stated that the bond issue would be presented again, simultaneous with the fall primaries, because it is imperative that the city have money with which to carry out its natural park project in the Arroyo Seco, and also establish a smaller city park in the eastern section of the city. This region, lying between Lake Avenue and Lamanda Park, has been clamoring for a park.

The bonds are reduced to \$400,000 by elimination of the proposal for the city to buy Carmelita Gardens, at Orange Grove Avenue and Colorado Street, since the last bond election, Carmelita has been purchased by private subscriptions of public-spirited citizens and will be presented to the city.

AIR DELEGATES URGED
Pasadena was urged to send delegates to Detroit next September, at the formation of a national association of municipal, State and national air boards, to be part of the Aeronautical Association by Rear Admiral W. F. Fullam, U. S. Navy, retired, in an address at the Chamber of Commerce luncheon here today.

Admiral Fullam said that air domination is vastly important to America; the Air Army and Navy must have adequate aerial forces.

HEATING PLANTS TOPIC
Whether to install a steam-heating plant in the new Washington Junior High School plant, or some other type of heating, occupied the schools board today, when plans were presented for the primary and elementary units of the new school. No action was taken.

PLIES ARE BARRED OUT
Files have been vasty outpouring the 1932 students at Pasadena High School in the noonday attack on luncheon in the school cafeteria, where an urgent request came to the school board today for scraps on the cafeteria department windows.

The request was granted by the board. There is now much rejoicing among the trenchermen at the school, whose technique and equipment were greatly disturbed by the rivalry of the files.

BIG BUILDING GAIN
Building operations, as represented by permits, showed a gain of 144 per cent in April over April 1931. Chief Inspector Arthur C. Shaver of the city building department said today. He declared that of all the cities only Stockton showed a greater gain than Pasadena.

MAY BUY WATER PLANTS
The city may buy two independent water plants serving the Lamanda Park district. City Manager C. W. Koller. An offer of \$15,000 for a company owned by C. N. Post and that part of San Gabriel Water Company system.

WOMAN'S ILLS MAKE
Unhappy Home
There is no question but what
the ill of women conspire against
domestic harmony. The husband
cannot understand these troubles
and the physician finds it hard to
cure them; therefore the over-
worked wife and mother continues
to drag around in day and day out
with headaches and backaches,
fretful and nervous.

Such women should be guided
by the experience of women who
letters are continually publishing
in this paper. Many of them
declare that they have been re-
stored to health, strength and
consequent happiness by Lydia E.
Pinkham's Vegetable Compound
after doctors and all other medi-
cines had failed to help them. It
will surely pay women who suffer
from such ailments to try it.

CHAMBER OF COMMERCE
CORONA, MAY 23.—An enthusiastic meeting of the Corona Chamber of Commerce was held last evening at the Hotel Kinney, where a banquet was enjoyed at 6:30 o'clock, by nearly 100 representative citizens.

One of the important matters to be considered by the chamber was a report from the advertising committee, which reported that in advertising the advantages of Corona exclusively in the Los Angeles Times the results were most gratifying and in view of the fact that responses were so numerous that the advertising be continued indefinitely.

The chamber is making plans for the installation of a lighting system on Main and Sixth streets inside the Grand Boulevard, at an estimated cost of \$25,000. The system as outlined will be put up to the City Trustees for their approval and the money raised by a bond issue.

An invitation was extended to Harry N. Atwood of Los Angeles, former Assistant United States District Attorney, to address the chamber at their next meeting to be held Monday evening, June 6.

"Not Responsible" Sign Called to
Attention of Redlands
Cafe Owner
(LOCAL CORRESPONDENCE.)
REDLANDS, May 23.—J. R. Sues, well-known merchant and caterer owner of Redlands, sits in his own establishment. And they treat him like regular folks there, for last night when he started to leave he found his new hat gone and a much worn one left for him.

An appeal to the police only brought a finger pointed at the sign which reads: "The management will not be responsible for hats, wraps or umbrellas." But luck did not fall Mr. Sues. He went to a large meeting from the cafeteria and sat down next to the man who had his hat and who owned the one that Mr. Sues had found left for him in the cafeteria.

MOTHERS MEET AT SAN DIEGO

Gov. Stephens Makes Opening
Talk at Convention

Many Delegates Arrive for
Big Annual Event

Schools Stage Exhibitions for
Visitors

(EXCLUSIVE DISPATCH.)
SAN DIEGO, May 23.—In an address eulogizing the mothers of all times, whose influences had directed the great men of the world, Gov. Stephens tonight spoke to delegates at the annual convention of the California Congress of Mothers and Parent-Teacher Associations.

The chief executive of the State was the principal speaker at a gathering of the mothers of the delegates, several thousand fathers and mothers of San Diego and vicinity. The program followed a community supper in the open air at Balboa Park.

"When I think of the great men of the world who have shaped the destinies of nations," said Gov. Stephens, "men who have done things which one way or another have benefited the world, I see back of them their mothers and I see the influence of the mothers which they achieved, was due to the influence and inspiration given them by the life and teachings of those mothers."

Arrival of additional delegates this morning brought the number in attendance at the convention to nearly 1,000. A large number of them were present at a review of the R.O.T.C. of the high school in the stadium. During the day, visits were paid to the elementary schools where the children gave demonstrations along educational, musical and physical lines.

The convention will get underway in earnest tomorrow morning with round-table conferences beginning at 8 o'clock. In the evening an informal reception will be held at which Mrs. Davis C. Meers, first vice-president of the National Congress of Mothers and Parent-Teacher Association will preside.

WORKMAN
HURT IN
ACCIDENT
Ontario Man May Die from
Injuries Received at Plant
of Carriage Company

(EXCLUSIVE DISPATCH.)
ONTARIO, May 23.—Edward Garrard, an employee of the Drew Carriage Company, 214 North Euclid Avenue, was in a critical condition at the San Antonio Hospital tonight, suffering from a serious fracture of the skull and other injuries as the result of an accident which befell him this morning at the Drew plant.

Garrard was in the act of letting down a large tractor plow, which was stacked against a wall of the warehouse, when the heavy implement slipped, striking him on the head, knocking him to the floor.

He was taken to a hospital where he was found to be suffering from a severe temple fracture and possible basal fracture of the skull. He was bleeding profusely at the ear. He had not regained consciousness this evening and his condition is considered very grave.

Garrard had been in the employ of the Drew company for only a little more than two weeks. He is 34 years of age, and unmarried. He makes his home with his parents in South Cucamonga Avenue.

PLEADS FOR PAIL
Prisoner in Justice Court Asks
Leniency For Accompanying
Lump

(EXCLUSIVE DISPATCH.)
LONG BEACH, May 23.—Edison "Goldy" Goldworthy, one of two men captured by the police yesterday while in the act of carrying away the safe of the Crescent Creamery Company, and who steadfastly refused to talk throughout the day and night, broke down at his arraignment today before Justice R. H. Underwood and pleaded that he be allowed to plead the entire blame for the "job."

Goldworthy, the older of the pair asked leniency for Eligh, ten years his junior, for the sake of Eligh's life and family.

Goldworthy was single and unattached. He told the judge. The older prisoner buried his hands in his face and wept when Justice Underwood established a bail of \$3,000 each. Both were returned to the City Jail in default of bonds.

No trace has been found as yet of the third member of the trio, who escaped in a waiting automobile as the police closed in. The preliminary hearing for Goldworthy and Eligh was set for Friday, May 26.

(LOCAL CORRESPONDENCE.)
REDLANDS, May 23.—C. J. Tripp, City Tax Collector, views the future with alarm. For indications are that in another week he will have about 100 automobiles on his hands and he does not know what to do with them.

They are cars that must be confiscated, according to the law; the owners do not pay the property tax on them. The machines are owned by people who own no real estate and who do not pay other taxes. They have been given three months of grace, but Tripp has announced a dead line for June 1.

FROM FUNERAL TO JAIL
Pomona Man Held to Answer to Superior Court;
Other News Notes of Interest
(EXCLUSIVE DISPATCH.)
POMONA, May 23.—William Strickler, 20-year-old young man, who came to Pomona Monday to attend his wife's funeral and fifteen minutes after the burial was locked up in the City Jail, was given a preliminary hearing in Judge White's court today and bound over to answer in Superior Court on a charge of raising a check. Strickler pleaded guilty and bail was fixed at \$1,000, in lieu of which he was taken to the County Jail.

PAIR IS ASSURED
That Pomona will have a great Los Angeles county fair this fall is now a certainty. Over \$44,000 has already been underwritten and many more subscriptions have yet to come in.

One of the most encouraging things in the entire project thus far happened yesterday, when the County Board of Supervisors in session at Los Angeles unanimously agreed to put \$10,000 in the county budget for Pomona's fair.

It was officially stated today that the fair directors would appear before the City Council at its next session, Monday, May 23, with the required \$42,000 guarantee and ask that the Council promptly close the deal for the purchase of the fair grounds.

POMONA, May 23.—William Strickler, 20-year-old young man, who came to Pomona Monday to attend his wife's funeral and fifteen minutes after the burial was locked up in the City Jail, was given a preliminary hearing in Judge White's court today and bound over to answer in Superior Court on a charge of raising a check. Strickler pleaded guilty and bail was fixed at \$1,000, in lieu of which he was taken to the County Jail.

PAIR IS ASSURED
That Pomona will have a great Los Angeles county fair this fall is now a certainty. Over \$44,000 has already been underwritten and many more subscriptions have yet to come in.

One of the most encouraging things in the entire project thus far happened yesterday, when the County Board of Supervisors in session at Los Angeles unanimously agreed to put \$10,000 in the county budget for Pomona's fair.

It was officially stated today that the fair directors would appear before the City Council at its next session, Monday, May 23, with the required \$42,000 guarantee and ask that the Council promptly close the deal for the purchase of the fair grounds.

MOTHERS MEET AT SAN DIEGO

Gov. Stephens Makes Opening

Many Delegates Arrive for
Big Annual Event

Schools Stage Exhibitions for
Visitors

(EXCLUSIVE DISPATCH.)
SAN DIEGO, May 23.—In an address eulogizing the mothers of all times, whose influences had directed the great men of the world, Gov. Stephens tonight spoke to delegates at the annual convention of the California Congress of Mothers and Parent-Teacher Associations.

The chief executive of the State was the principal speaker at a gathering of the mothers of the delegates, several thousand fathers and mothers of San Diego and vicinity. The program followed a community supper in the open air at Balboa Park.

"When I think of the great men of the world who have shaped the destinies of nations," said Gov. Stephens, "men who have done things which one way or another have benefited the world, I see back of them their mothers and I see the influence of the mothers which they achieved, was due to the influence and inspiration given them by the life and teachings of those mothers."

Arrival of additional delegates this morning brought the number in attendance at the convention to nearly 1,000. A large number of them were present at a review of the R.O.T.C. of the high school in the stadium. During the day, visits were paid to the elementary schools where the children gave demonstrations along educational, musical and physical lines.

The convention will get underway in earnest tomorrow morning with round-table conferences beginning at 8 o'clock. In the evening an informal reception will be held at which Mrs. Davis C. Meers, first vice-president of the National Congress of Mothers and Parent-Teacher Association will preside.

WORKMAN
HURT IN
ACCIDENT
Ontario Man May Die from
Injuries Received at Plant
of Carriage Company

(EXCLUSIVE DISPATCH.)
ONTARIO, May 23.—Edward Garrard, an employee of the Drew Carriage Company, 214 North Euclid Avenue, was in a critical condition at the San Antonio Hospital tonight, suffering from a serious fracture of the skull and other injuries as the result of an accident which befell him this morning at the Drew plant.

Garrard was in the act of letting down a large tractor plow, which was stacked against a wall of the warehouse, when the heavy implement slipped, striking him on the head, knocking him to the floor.

He was taken to a hospital where he was found to be suffering from a severe temple fracture and possible basal fracture of the skull. He was bleeding profusely at the ear. He had not regained consciousness this evening and his condition is considered very grave.

Garrard had been in the employ of the Drew company for only a little more than two weeks. He is 34 years of age, and unmarried. He makes his home with his parents in South Cucamonga Avenue.

PLEADS FOR PAIL
Prisoner in Justice Court Asks
Leniency For Accompanying
Lump

(EXCLUSIVE DISPATCH.)
LONG BEACH, May 23.—Edison "Goldy" Goldworthy, one of two men captured by the police yesterday while in the act of carrying away the safe of the Crescent Creamery Company, and who steadfastly refused to talk throughout the day and night, broke down at his arraignment today before Justice R. H. Underwood and pleaded that he be allowed to plead the entire blame for the "job."

Goldworthy, the older of the pair asked leniency for Eligh, ten years his junior, for the sake of Eligh's life and family.

Goldworthy was single and unattached. He told the judge. The older prisoner buried his hands in his face and wept when Justice Underwood established a bail of \$3,000 each. Both were returned to the City Jail in default of bonds.

No trace has been found as yet of the third member of the trio, who escaped in a waiting automobile as the police closed in. The preliminary hearing for Goldworthy and Eligh was set for Friday, May 26.

"TIMES" ADS PAY
Chamber of Commerce Pleased
With Results
(LOCAL CORRESPONDENCE.)
CORONA, May 23.—An enthusiastic meeting of the Corona Chamber of Commerce was held last evening at the Hotel Kinney, where a banquet was enjoyed at 6:30 o'clock, by nearly 100 representative citizens.

One of the important matters to be considered by the chamber was a report from the advertising committee, which reported that in advertising the advantages of Corona exclusively in the Los Angeles Times the results were most gratifying and in view of the fact that responses were so numerous that the advertising be continued indefinitely.

The chamber is making plans for the installation of a lighting system on Main and Sixth streets inside the Grand Boulevard, at an estimated cost of \$25,000. The system as outlined will be put up to the City Trustees for their approval and the money raised by a bond issue.

An invitation was extended to Harry N. Atwood of Los Angeles, former Assistant United States District Attorney, to address the chamber at their next meeting to be held Monday evening, June 6.

TO MAKE COLLECTION
OF TAX FREE AUTOS
(LOCAL CORRESPONDENCE.)
REDLANDS, May 23.—C. J. Tripp, City Tax Collector, views the future with alarm. For indications are that in another week he will have about 100 automobiles on his hands and he does not know what to do with them.

They are cars that must be confiscated, according to the law; the owners do not pay the property tax on them. The machines are owned by people who own no real estate and who do not pay other taxes. They have been given three months of grace, but Tripp has announced a dead line for June 1.

School Districts Everywhere

No longer is education a luxury. Today scarcely an American child is deprived of a free public school education. This country is covered with public school systems, adjoining one another and made possible by issues of School District Bonds. These direct obligations in California, authorized by a two-thirds favorable vote, constitute a lien on the property within the district and are probably the most popular Municipal Bonds in this State.

School District Bonds, like the Government, State and other Municipal Bonds offered by R. H. Moulton & Company, are purchased because of their general freedom from care, because they are entirely tax-free and because they are essentially safe.

A. E. Fitch & Co. are offering a new issue of 5% Bonds to Los Angeles investors. These bonds are issued by a Corporation owning and operating a thoroughly equipped, exceptionally well located and firmly established Cement Plant. For ten years the average yearly net earnings of this plant have been in excess of 5% times bond interest requirements.

The 5% Bonds are non-callable and are offered in denominations of \$1000, \$500, and \$100—and are priced at 97 1/2% to yield about 5.50%.

NEW YORK STOCK EXCHANGE

(EST. A. P. NIGHT WIRE)

NEW YORK, May 23.—Trading in the stock market today fell away sharply from the extensive operations of the preceding session and the drift of prices became increasingly uncertain. Several leaders developing pronounced heaviness in the latter part. Sales amounted to 1,275,000 shares.

Although fears of a money flurry proved groundless, technical conditions seemed to invite professional pressure. Moderate calling of loans was reported but call money held at 4 per cent throughout as against yesterday's maximum rate of 5 per cent and time funds continued easy.

The general tone of the foreign exchange market was more reassuring. Buying of British and French bills was larger than at any recent time, and was thought to represent covering of speculative accounts, this also applying to the recovery of German marks.

Announcement of increased dividends by the North American Company on the common and preferred shares and an increased disbursement by the computing tabulating recording company reflected the better earnings of utility and specialized industrial corporations.

Independent steel was the strongest feature of the early dealings notably Crucible, Midvale and Republic. All but the latter reacted, however, Republic featuring the confusing movements of the final hour at a gain of 4 1/2 points.

Firmness to strength marked the domestic oil, but the foreign division was erratic. Selling of Mexican Petroleum was attended by news of the failure of a financial institution in the Tampico district. Motors, equipments, copper and chemicals embraced the other irregular stocks. Erie common and the first and second preferred issues overshadowed all other transportation with Chicago and Alton at gross advances of 1 to 2 points. Seasonal rally of the transcontinental and Granger groups proved more susceptible to impending freight rate reductions.

Leading commodity markets held the better part of their recent advances. Export prices for copper were raised to 14 cents, but the domestic quotations were unchanged. Other base metals held firm, including raw and refined sugars, but crude rubber weakened.

The Knowles Corporation

7% First Mortgage Bonds

Dated May 1, 1922. Denominations \$100, \$500 and \$1000. Principal and semi-annual interest, May 1 and November 1, payable without deduction for Normal Federal Income Tax up to 2%, at the office of the Trustee, The Bank of California, N. A., San Francisco, California. Callable as a whole or in part on any interest payment date at a premium equal to 1/2 of 1% for each year of the unexpired term of the bonds called.

THE BANK OF CALIFORNIA, N. A., SAN FRANCISCO, Trustee.

Capital Stock, \$750,000. Bonded debt (closed mortgage), \$750,000. The Company has no indebtedness other than the bonded debt.

MATURITIES

Amount	May 1st, 1924	May 1st, 1929	May 1st, 1934
\$10,000	15,000	50,000	70,000
15,000	30,000	60,000	70,000
30,000	45,000	70,000	70,000
45,000	60,000	70,000	70,000
60,000	70,000	70,000	70,000

Security: The bonds are secured by a closed first mortgage on improved, income-producing San Francisco business property; the famous Raymond Granite properties of approximately 1720 acres in Madera County, owned in fee by The Knowles Corporation (operated by the Raymond Granite Company,) and a valuable equity in Los Angeles business property.

Summary of facts furnished by Pres. F. E. Knowles of the Knowles Corporation.

Value of Property Three Times Amount of Issue: The security is conservatively valued at a sum in excess of three times the amount of the total bonded debt, and may be segregated as follows:

Property	Value
Real Estate located in San Francisco	\$396,050
Buildings located on San Francisco properties	618,000
Equity in Los Angeles property	50,000
Property owned in Madera County (operated by the Raymond Granite Company)	1,250,000
Total security	\$2,314,050

Income: The San Francisco business property is mostly under long time leases to responsible and well-known tenants and produces an annual income, after payment of taxes and insurance, of \$57,602.58, or more than sufficient to pay the interest on the bonded indebtedness. The president estimates the profits of the Raymond Granite Company (contracting agent of the Knowles Corporation) for the calendar year 1922, after payment of all operating costs from contracts already entered into, at an amount in excess of \$113,000. Total definite and estimated earnings for the year 1922 are thus \$170,602.58, or more than three times the interest requirements of the bonds.

Valuable Granite Contracts Now in Hand: The Raymond Granite Company has operated successfully under the same management for about 30 years. The Company now has the following contracts:

- State Building, San Francisco, Civic Center
- Standard Oil Building, San Francisco
- Bullard Contract, Fresno

The Raymond Granite Company furnished material for construction of many well-known buildings, including all but one of the granite buildings on the University of California campus, including the Campanile; the entire outside construction of the Municipal Auditorium, and the new State building at the Civic Center in San Francisco. The Company also furnished granite for The Times Building, The Citizens National Bank and the Merchants National Bank buildings in Los Angeles.

CORONA BANK HAS MILLION

(Continued from Tenth Page)

The movement inaugurated by the executive council of the American Bankers' Association to move the headquarters of the organization from New York to Washington is being favorably received, and local bankers think the convention which meets in New York in October.

"I want to see the American Bankers' Association, representing as it does every class of our citizenship, fostering sound and constructive policies for the development of business and finance," said President McAdams of the association regarding the removal. "In order to do this we must not act independently of other great interests in this country, working toward the same ends, but should so establish our points of contact as to eliminate conflict and create a spirit of co-operation which will insure the success of our policies when founded upon sound principles and in the interest of all the people. We must devise some plan by which we may be continuously kept in touch with all the great national and international movements which are more and more concentrating in the nation's capital."

"The only motive which should actuate this council in this or any other question is its effect upon our association's ability to aggressively and intelligently serve its members and broaden its field of influence in behalf of the public good. The movement of our headquarters to Washington is the greatest single contribution this council will have the privilege of making to financial America."

PRODUCE MARKET IN SAN FRANCISCO

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, May 23.—(Special.)—The produce market here today was quiet, with prices generally steady. The following are the prices of the principal items:

Item	Price
Apples	1.00 to 1.25
Bananas	.75 to .85
Oranges	.50 to .60
Pears	.75 to .85
Peaches	.75 to .85
Plums	.75 to .85
Raspberries	.75 to .85

New Issue—Non-Callable
\$660,000
Littlerock Creek-Palmdale Irrigation District
LOS ANGELES COUNTY
Serial Six Per Cent Gold Bonds

Denomination \$1000. Both Principal and Semi-Annual Interest (January 1 and July 1) Payable in Gold at the office of the California Bank, Los Angeles, California.

EXEMPT from Federal Income Tax.
EXEMPT from Personal Property Tax in California.
CERTIFIED by the State Irrigation District Bond Commission, made up of the Attorney General, the State Engineer, and the Superintendent of Banks, as:
LEGAL INVESTMENT FOR SAVINGS BANK FUNDS. Trust funds, and Insurance funds in California.
ELIGIBLE to secure deposits of public funds.
WATER SUPPLY and engineering features reported upon by J. B. Lippincott, Civil Engineer, Member American Society of Civil Engineers.
PROPERTY VALUATION by the American Appraisal Company.
VALIDATED by decree of the Superior Court of Los Angeles County, from which there can now be no appeal.
LEGALITY approved by Messrs. Gibson, Dunn & Crutcher, Attorneys, Los Angeles.

HISTORY

The Littlerock Creek Irrigation District was originally formed under the "Wright Act" in 1892. It has since complied with and is now under the California Irrigation District Act. The Palmdale Irrigation District was organized under the California Irrigation District Act in 1918; the district formerly having been served by the Palmdale Water Company, all of whose properties and rights are now owned by the Palmdale Irrigation District.

The total area of the Littlerock Creek Irrigation District amounts to 3073 acres; that of Palmdale is 4756 acres. Making allowances for roads, etc., the total area to be placed under irrigation will be approximately 7750 acres. At the present time there are 2141 acres of orchards in the districts. Planting has been held back awaiting the conservation and distribution of additional water, and as soon as this work is completed a large acreage will be immediately developed.

The foothill area, served by the Littlerock Creek

40,994 Shares
of the Capital Stock of the
National Bank of Commerce
in New York
Organized 1839

Total Capitalization (250,000 shares par value \$100)	\$25,000,000
Surplus and Undivided Profits (as of May 5, 1922)	36,206,000
Regular dividends payable Jan. 1, April 1, July 1, Oct. 1.	
Free from Federal Normal Income Tax	

With regard to the activities and growth of the Bank, its President, Mr. James S. Alexander, has written us as follows:

"Referring to your advice that you have purchased a block of stock of this Bank and to your request for information respecting its history, growth and condition, I beg to advise you as follows:

The Bank of Commerce in New York was organized in 1839 and entered the National Banking System in 1865. From the outset it has been essentially a commercial bank and its development and growth has coincided with the development and growth of the business and commerce of the United States. Its present business is national and international in scope.

The Bank in the last ten years has, in round figures, increased its net deposits from \$104,259,000 to \$302,190,000. The capital during these years has remained unchanged at \$25,000,000. Its surplus and undivided profits which stood at \$16,257,000 ten years ago, now amount to \$36,206,000. The assets of the bank are conservatively valued and the figures of its capital, surplus and undivided profits, are therefore, not subject to reduction.

The bank has had an unbroken dividend record. For 38 years prior to 1916, the dividend rate was 8% per annum. Its capital during that period was several times increased. In each of the years 1916 and 1917, extra dividends of 2% were paid. In 1918 the regular dividend rate was increased to 10%. In 1919, in addition to the regular dividend of 10%, an extra dividend of 2% was paid. During 1920 the regular dividend rate was increased to 12% and an extra dividend of 3% was paid. In 1921, in addition to the regular dividend of 12%, an extra dividend of 4% was paid."

The following tabulation covering the period from December 31, 1916, to December 31, 1921, is herewith submitted:

Year	Capital	Surplus and Undivided Profits	Dividends Including Extra	Net Earnings After Providing For Taxes and Contingencies	Earnings Per Share
1916	\$25,000,000	\$18,810,724.30	10%	\$4,254,329.05	\$17.02
1917	25,000,000	20,367,275.83	10 1/2%	4,181,551.53	16.73
1918	25,000,000	24,609,742.47	10%	6,742,466.64	26.97
1919	25,000,000	29,087,249.12	12%	7,477,506.65	29.91
1920	25,000,000	32,148,132.07	14 1/2%	6,685,882.95	26.74
1921	25,000,000	34,766,018.07	16%	6,617,886.00	26.47

These shares, acquired from the Equitable Life Assurance Society of the United States, and the Mutual Life Insurance Company of New York, representing their entire holdings of stock of the National Bank of Commerce in New York, are hereby offered for subscription, subject to allotment.

Price \$267 per share, yielding on the basis of last year's dividends, about 6%

~~~~~

NEW YORK, N. Y.,  
 MAY 1, 1914.  
 THE NEW YORK  
 PUBLIC CO.,  
 10 WALL STREET,  
 NEW YORK, N. Y.  
 DEAR SIR:  
 I have the honor to  
 acknowledge the receipt  
 of your letter of the  
 28th inst. in relation  
 to the above matter.  
 I am sorry to hear  
 that you are unable  
 to find a suitable  
 place for the  
 building. I am  
 sure that I will be  
 able to find a  
 suitable place for  
 the building. I  
 will be glad to  
 show you the  
 building and the  
 surrounding  
 property. I will  
 be glad to  
 answer any  
 questions you  
 may have.  
 Very truly,  
 J. H. B.

1846. Long

## TEN-MILLION-DOLLAR INDUSTRIAL PLANT HERE

and Leaf Back from England  
Concluding Negotiations  
Huge Development Project

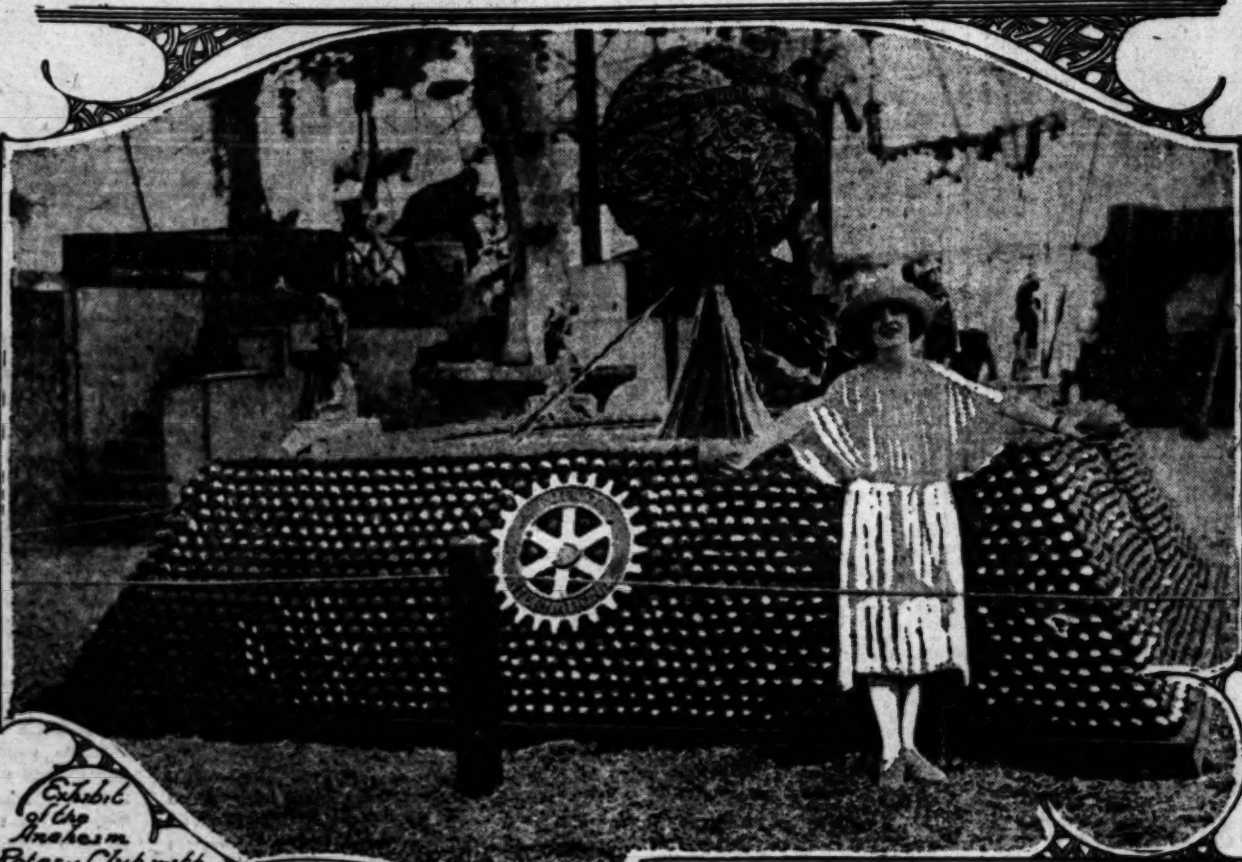

As a result of several months of negotiations between the Los Angeles Ship and Dry Dock Corporation, a deal has been closed between the establishment here of a new big industrial plant. Baker and Leaf, who have just returned from England, state that certain legal points only remain to be settled before complete details of the project, which means the construction of British capital with that of interests already identified with the industrial development of California, can be announced.

## DENY TIME EXTENSION ON TUNNEL

Board is Determined to Force Early Completion of Second-Street Bore

The Board of Public Works yesterday showed its determination to force the early completion of the second-street tunnel when it withheld approval of a plan to grant the contractors an extension of time, pending a report by City Engineer Griffin on the amount of work done and the amount that should be done during the next six months. The contractors' 465-day time limit is up on June 9, and a year's extension had been asked. While the board realizes that in the early part of the work the contractors encountered sewer and other troubles over which they had no control and for which they were not to blame, President Treat and Commissioners McGuire and Delaney stated that they are determined that every possible man should be placed at work on the tunnel and the work rushed to completion. It is possible that a six-months' extension will be granted, with the proviso that the amount of work which the City Engineer says can be done during the next six months will be accomplished and it possible the tunnel completed by January 1 next. While the actual work of digging the tunnel is in the hands of Contractor James A. Hill, the contractor of record is John May.

## Where Valencia Oranges Reign Supreme in Fruit World

## VALENCIA SHOW OPENED

Thousands View Orange Exhibit at Anaheim and Enjoy Entertainment Program

Anaheim assumed the role of host to the Southland yesterday. The band played, the speakers spoke, the tenors and sopranos sang, the thousands came and went, the citrus fruit looked its handsomest—and thus was inaugurated the second annual California Valencia Orange Show.

There under the big top, for all who trod the sawdust to gaze and admire, were countless oranges of thoroughbred Valencia pedigree. "Millions of 'em—and all come from the most respectable trees in Southern California," declared one of the officials. "Yes, there are easily several million oranges among those present."

**BLUE GOOSE BRAND**  
He gazed raptly at the astounding exhibit of the American Fruit

Growers, Inc., and pointed out a specimen of the Blue Goose Brand. To show that it was a genuine blue goose, a machine near by was busily stamping that label on the epidermis of each individual orange.

Across the sawdust trail a crowd was gathered about a miniature derrick, its outlines festooned with citrus fruit, which was pumping oil into a diminutive tank. It was the exhibit of the Brea Chamber of Commerce, which is boosting

## PREHISTORIC BURIAL GROUND FOUND HERE

Discovery Called Great Scientific Importance, by Noted Experts; Relics Recovered

An anthropological discovery of the greatest scientific importance was made yesterday near McFarland when excavations conducted by the department of anthropology of the University of California revealed well-preserved skeletons of dozens of what scientists believe to be the first dwellers in the Southland.

The excavations, under direction of Arling Steinberger, were made in historic mounds which lie near the shore line of the now dry lake between Tulare and Buena Vista lakes, and the mound opened yesterday was in the form of an irregular parallelogram about ten feet high.

The soil at the place is heavily impregnated with alkaline salts and a seepage of petroleum and, thus, Mr. Steinberger explained, conditions for preservation were ideal.

With the finding of the first skeleton, whose feet suddenly appeared, the excavation proceeded with great care, with the result that dozens were unearthed. These early citizens apparently followed the custom of burial with the face to the east. Some were found reclining on the side, others sitting, and a few squatting as though the knees and the chin had been tied together.

**FIND STONE IMPLEMENTS**  
The mound also was found to be rich in clusters of beads; carved mother-of-pearl; eagle claws, bear teeth, and long ropes of small sea shells.

Small stone implements, some of them entirely different from those generally found, were frequently unearthed with the skeletons, and long, round, pointed stone implements, about the size of lead pencils, were among the relics discovered. These are supposed to be the tools of the race in weaving blankets from grass and bark.

Everybody evidently had been wrapped in mats of grass or bark, and, in a few cases, buckskin, as samples of all these were found about the skeletons in a fairly good state of preservation.

**RACE OF GIANTS**  
The skeletons represent a most astonishing race of people who probably inhabited this country thousands of years ago. Mr. Steinberger said yesterday, "Some of the skulls are large, with high foreheads and well rounded, while others are ape-like, protruding from the face, and the frontal bone, with the top of the head flat and with small space for brain cavity."

Some of the skeletons are those of monster men, measuring in height no less than seven feet, and perhaps more. Fossil bones already sent to the university, measure twenty-one inches in length. The skeletons present yesterday, who witnessed the discovery, stated (Continued on Second Page)

## INSURANCE MEN HELP HOSPITAL

Pacific Mutual Officers and Employees Are Told of Work for Children

For two hours yesterday practically every activity of the Pacific Mutual Life Insurance was brought to a stop while officers, directors and nearly 400 employees gathered at luncheon in honor of the Children's Hospital.

The luncheon was enjoyed in the great dining-room of the corporation and music was provided by the employees' band, solos by employees, and "community singing." Then the story of the Children's Hospital was told in detail, ending with the bringing in of hundreds of new members for the hospital association and a generous sum to help the institution in its present crisis.

Mrs. Albert Crutcher, president of the hospital organization, told a dramatic story of the work accomplished, the growth of the institution to a point beyond its income, and an appeal for aid. President Guy Cochran, of the insurance company, and Vice-President C. I. D. Moore were among others who spoke.

**LEGAL WAR NEAR END**  
Decision Awaited in Fight Over Montebello's Incorporation

The only legal point to be considered by Judge Stanley Murray in the suit against the city of Montebello, attacking the validity of the recent incorporation, is whether or not the notice presenting the petition for incorporation before the Board of Supervisors was sufficient. The other technical points raised were eliminated yesterday by agreement. The eight attorneys engaged in the case agreed to rest the matter on briefs.

## Be Your Own SALESMAN

A Splendid New Standard Piano

**\$335**

See It on Display at Our Store

First: Look at the case design and finish. Note particularly the finish.

Second: Examine the keys and convince yourself that they are genuine ivory.

Third: Look at the back and observe the splendid, substantial construction.

Fourth: Now look on the inside and see the heavy felt hammers, the copper bass strings, the bushed tuning pins, the full ball metal plate, and note the quality of workmanship throughout the instrument.

Fifth: Test the standard double repeating action, note its elasticity. Test it by trying to make any key repeat as fast as it can. Also note the light, even touch.

Sixth: The final test is tone. Play this piano, or have it played, and let your own ears judge.

If, in your judgment, you can find a better piano at anywhere near \$335, we certainly advise you to buy it.

"Bullock's for Laces"  
A Slogan Earned by Value and Quality

Bullock's

"ONE O'CLOCK SATURDAYS"  
Bullock's closes Saturday at one o'clock

Bullock's

"Bullock's for Kodaks"  
A First Floor Service That is Unusually Efficient

# See! St. Gall Swisses, \$1 Yd. at Bullock's

## INTERESTING!

A Lovely, beautiful afternoon dress, was of orchid dotted Swiss, much heretofore. One doesn't realize the possibilities of dotted Swiss, until one sees one of these dresses in Bullock's Section of Inexpensive Wash Dresses for Women—Third Floor, across Bridgeway. And dear, dear, how perfectly lovely for a bride!

"One o'clock Saturdays." The Lagoon is very convenient when one is shopping. For Lagoon, you should visit Bullock's Optical Section—Third Floor—across Bridgeway.

"Bullock's for Victorrolas." Have You Seen Bullock's new Victorrola Section? Sixth Floor. Drop in and select your records when you go shopping. It is such a convenience. And of course the records are new and particularly complete.

"One o'clock Saturdays." A Gift for the Bride! Back East something really from California. Why, it might be no end of lovely things—a real Ernest Williams picture of Eucalyptus, or sand dunes, or Torrey Pines, or one of those lovely plaques of California wild flowers, or perhaps succulent leaves daisies permanently with metal finish, or a bunch of poppies, or—but there, you must visit Bullock's Art Needlework and Gift Store, Bullock's Hill Street Building.

Bullock's for Linens." Did You Know that Bullock's conducts classes in making ribbon into a lovely thing that women long to wear? Or anything else, yes, indeed. Classes are entirely without charge from materials purchased at Bullock's. Watch for further announcement in tomorrow's Express.

"One o'clock Saturdays." One kind of bride gift at once, when one sees these delightful glasses. Bullock's Gift Bazaar, Bullock's Hill Street Building.

Boys' and Girls' Barefoot Sandals

—Is there anything a boy or a girl likes to do better than "go barefooted"? Indeed, that is one of the big joys of childhood, but what mother could bear the thought of her child going barefoot upon city streets? These excellent Barefoot Sandals solve the problem:

—In Mahogany Calf or natural color Elkkin; 2-strap models; flexible extension soles; sizes 8½ to 11 at \$3.00; 11½ to 2 at \$3.50.

—In pearl Elkkin; same style in sizes 8½ to 11 at \$3.75; in 11½ to 2 at \$4.25.

—Infants' Sandals in pearl Elkkin and brown calf with flexo soles; sizes 2 to 5 at \$1.85 and \$2.00; sizes 5½ to 8 at \$2.25 and \$2.50.

—At Bullock's Fifth Floor Children's Shoe Store.

You Can Register

At Bullock's Infants' Section, and the Government Bulletins on Infant and Prenatal Care will be sent you.

Bullock's offers you the services of trained and skillful salespersons, as well as the counsel of a trained nurse, to assist you in selecting the proper garments for your children during the summer season in Southern California.

Infants' Section—Fourth Floor.

## At Bullock's Victrola Phonographs and Records

Bullock's New Section of Victor Phonographs and Records is placing stress upon an exploitation of service. It is well appointed with facilities for the pleasant presentation of the accomplishments of Victor products and their splendid possibilities of adding charm and personality to one's home.

### Victrola No. 240—\$115.00

—An instrument which combines the essential features of the larger Console types, while it is yet essentially created for the smaller home. Priced unusually low at \$115.00. Sketched at right.

### Portable Victrolas, \$50.00

—To answer the insistent "Call of the Open Road," the Portable Victrola was created. Think of your favorite records under the stars. Traveling size; compact; easy to carry.

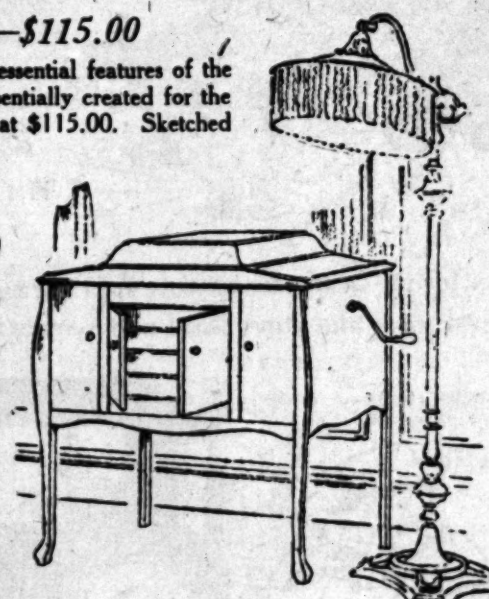

### Here is a Selected List of the Latest Records

—At Bullock's new Record Department. Come in and hear that Record you've been waiting for.

- "California," fox trot, with "Who Believed in You" on the reverse; 75c.
- "Farewell to Naples," Enrico Caruso; 87312; \$1.25.
- "If I Forget," Schumann-Heink; 87337; \$1.25.
- "Tales of Hoffman," Barcarolle; McCormack and Kreisler; 87551; \$1.50.
- "Hymn to the Sun," Fritz Kreisler; 74720; \$1.75.
- "Gypsy Love Song," Werrenrath; 64897; \$1.25.
- "Sweetest Story Ever Told," Sophie Braslau; 64708; \$1.25.

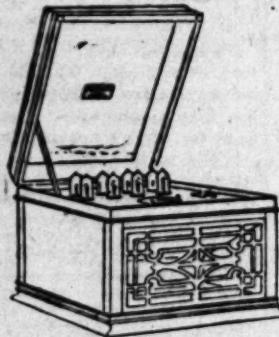

### Bullock's Term Accounts Apply on Victrolas

—They offer a very convenient method of purchasing these excellent instruments. You should investigate their attractive nature. Bullock's Sixth Floor—Seventh Street Bridgeway.

## Radiophone Accessories

Bullock's Radio Section is unusually well stocked with Radio Equipment of a wide variety, and is daily attracting the attention of both amateurs and professional Radio Operators—

### Aeriola Grand, \$325

—Actually a Radio Phonograph in a mahogany cabinet!

—A wonderful instrument, equipped with 4 ballast tubes which replace rheostats; just one dial to operate. A receiving set, amplifier and loud speaker all in one.

### Vacuum Tubes

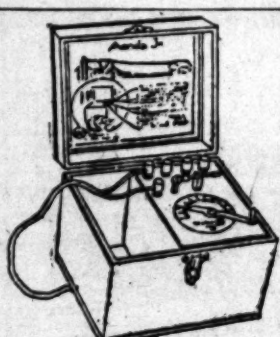

—Another shipment of A. P. Detector tubes at \$5.00; Cunningham Amplifying Tubes at \$6.50; on sale Wednesday; on account of the limited quantity, it will be necessary to limit each customer to two tubes. No phone orders; none delivered.

### Headphones

—Eisenmann (2200 Ohms), \$8.00.  
—Western Electric (2200 Ohms), \$12.00.  
—Kellogg (2400 Ohms), \$12.00.  
—Dictograph (3000 Ohms), \$12.00.

### Transformers

—Federal, \$7.00.  
—Jefferson, \$5 and \$7.  
—Thordason, \$4.50.

### Aeriola Senior, \$75

—Complete with antennae.

—Aeriola Junior at \$32.50; complete with antennae.

—Federal Junior at \$25.00; with headphones.

—De Forest Receiving Sets, \$36.00; tubes extra.

—De Forest 2-Step Amplifier, \$35.00; tubes extra.

—Kennedy Amplifiers, \$55 and \$85; tubes extra.

### Magnavox Loud Speakers, \$45.00

—King Amplitone Loud Speakers, \$12.00.

—Bakelite Knobs with set screws, 25c.

—3-inch Bakelite Dials, \$1.25.

—4-inch Moulded Dials, \$2.

—Remler Crystal Detectors, \$2.00.

—23 plate variable condensers, \$3.75.

—43 plate variable Condensers, \$5.00.

—Baldwin Variometers, \$7.

—Variocouplers, \$6.00.

—Fifth Floor.

### Radio Programs K.N.N.

Bullock's, Thursday, May 25, from 10 to 11 a.m.

Chamber of Commerce—Hour—

Arthur G. Arnold, Asst. Sec'y—

Little Known Industrial Prospects of Los Angeles.

Capt. John D. Fredericks, President—

Trade Development With Our Back Country

Antoinette Ruth Sabel—Director of Music—

Industrial Music.

Vocal Selections by Viola Ellis, Philharmonic Orchestra, and Ed Shank, Ellis Club.

Mrs. Homer Guold, Accompanist.

—Indeed, such a value merits an exclamation mark. It is to be regretted that there are only 600 yards of this best grade, lovely,

### Fast Tied—Embroidered Dotted Swiss

—from Switzerland. Lovely materials for summer dresses.

—Colored grounds with white dots, and white grounds with colored dots—but all beautiful, sheer and crisp. 31 inches wide.

—This is a special price upon a very limited quantity, while it lasts—at \$1.00 yard.

### 2000 Yards 40-Inch Printed Batistes, 50c Yard

—And can't you imagine the possibilities of these lovely, sheer, printed Batistes—in the new, small English print patterns. 2000 yards, 40 inches wide, at 50c yard.

### Checked, Striped and Plaid Ratines, 95c Yard

—In big demand now—checked, striped and plaided Ratines, for skirts and dresses, 1000 yards at 95c yard.

### Normandy Voiles, 75c Yard

—"Beaded effects" that launder perfectly, make these Normandy Voiles particularly interesting. Both light and dark shades; 38 inches wide at 75c yard.

### Pretty Dress Percales, 18c Yard

—2000 yards light colored Dress Percales, 36 inches wide, at 18c yard. These come in pleasing old-fashioned patterns that launder easily; the colors are fast. Very suitable for aprons and dresses for the hot days.

### Imported Gingham, 35c Yard

—Yes, actually, imported from Manchester, England. No, not a large quantity, but a most unusually good quality at the very low price of 35c yard.

### "Queen Anne Prints," 50c Yard

—Imported from Manchester; quaint little printed figures on fine grade; "Challis Finished" cottons. Only at Bullock's in Los Angeles, for these patterns. Fast colored; 36 inches wide at 50c yard—Second Floor.

### Fiber Tuxedo Sweaters

\$10.00

—Delightful new arrivals. These are the Tuxedo Sweaters made of fiber in a pretty, fancy weave, with contrasting plain weave for the collar.

—Delightful Sweaters for any occasion, and the Tuxedo effect means always such beautiful lines. The bride will surely include one in her wardrobe.

—Such a number of pretty colors—orchid, jade, buff, rust, jockey red and pink; also white.

—Bullock's Section of Sweaters for Women—Fourth Floor.

### Crochet Spreads, \$1.75

Reduced!

—Reduced—indeed, yes, from a much higher price. These Crochet Spreads are 72x84 inches—and a good stocky quality of material; specially priced at \$1.75.

### Crochet Spreads, \$2.75

—Another value in Crochet Spreads; this is a new shipment in the size 80x90 spreads, specially priced at \$2.75.

### Marseilles Spreads, \$3.95

—These are Satin Spreads in the large sizes; a special new number priced at \$3.95.

### Marseilles Spreads, \$6.75

—Satin Spreads of heavy quality; large size; several new numbers at \$6.75 each.

### Imported Satin Spreads, \$12.50

—These are really beautiful—imported Satin Spreads in charming patterns. Just the gift for a June Bride; large double bed size at \$12.50 each.

—Bullock's Bedding Section—Sixth Floor.

## Even White Shoes at \$6.85 Pr.

—Pumps and Oxfords of white canvas in 10 different styles in addition to several styles in White Nubuck—

—That is just one of many attractions of this splendid offering of Bullock Shoes at \$6.85 pair.

—There are also included many lines of black and brown shoes—notably black calf pump with fawn buck trimming and brown calf oxfords with low heels or military walking heels.

—Black satin pumps with straps and Opera Pumps are exceptionally low priced at \$6.85 also.

—This is an offering to again center attention upon the Value-Supremacy of Bullock's Section of Style-Supreme Shoes for Women—at Bullock's Fourth Floor.

## HATS \$15.00

—HATS FOR SUMMER DAYS. THAT DRIFT LEISURELY INTO OUR PICTURE OF SUMMER SKIES AND DREAMING FLOWER GARDENS.

### Hats of Leghorn

—GRACEFULLY DROOPING, INGENIOUS, DEMURE. PERHAPS IT MAY BE TINTED IN DELICATE PASTELS, RATHER THAN LEFT TO ITS OWN DEVICES.

—ONE OF THE SEASON'S DELIGHTFUL DEPARTURES IN LEGHORN HATS, IS THEIR EDDING OF NOVELTY RIBBONS, OF SILKS, OR METAL GUTTIE.

### Frenchy Color Flowers

—THESE THE TRIMMINGS, AND HOW THEY ADD THAT ATMOSPHERE OF THE PLEASANTNESS OF SUMMER DAYS AND SUMMER COSTUMES.

—BULLOCK'S MILLINERY—THIRD FLOOR.

## Play Suits, \$1.95

—Children's Play Suits in peg top style, charmingly made of color-checked Devonshire, trimmed in cretonne at neck, sleeves and cuffs. Sizes 6 months to 6 years at \$1.95.

### Infants' Hand-Made Underwear from France

—Have you seen these delightful garments—Dresses, Gertudes of batiste and nainsook, and bonnets of nainsook all delicately made and trimmed by hand?

### Imported Boys' Suits

—are particularly interesting, developed in linen, Devonshire cloth, in a pleasing range of colors. Sizes 1 to 4 years.

—Bullock's Infants' Section—Fourth Floor.

## Stanford Trackmen Arrive in Boston for Harvard Meet

## CARD ATHLETES PRACTICE TODAY

Preliminary Trials Will be Staged Friday

Capt. Fall and Sudden Face Strenuous Program

Concede U. C. to be Stronger Than Old Rivals

(EXCLUSIVE DISPATCH.)  
BOSTON, May 23.—Ten Stanford track men with Coach Templeton arrived here late tonight, and registered at the Hotel Lenox which will be their headquarters during the I.C.A.A.A. competition. Tomorrow and Thursday will be taken up in limbering up and acclimation exercises on the Harvard oval.

Preliminary trials in all events and heats in all races shorter than the mile will be run off Friday. With the large number of entrants always attracted by the national championship, a great number of these qualifying races are necessary, which fact worries the Cardinals particularly, as two of their best possible point winners are two-event men, who, after the strenuous work of the preliminary trials in each race may be weakened for the finals to an extent that will tell materially in the point column.

**FAIR FACES HARD TASK**  
Captain-Elect Falk must place in qualifying races in both low and high hurdles on Friday to be eligible for Saturday's competition, and several preliminary races in each obstacle event must be run Saturday as well before the men to start in the finals are finally picked. Few hurdlers are entered in both races, and it may be that the strenuous work of two days' preliminary running in both events may leave Falk unable to win from men to whom he is equal in single races. Van Sant, low hurdler, and Henry, high-stick runner, of the Bears, both of considerable equals of Falk, will have every opportunity to prove it at Boston as each is registered in one race only.

The young and diminutive Eddie Sudden, sprinter for the Cardinals, faces a like task in the century and furlong. Practically all sprinters are entered in both dashes however, and the double entry and preliminaries are no particular handicap to him, except in that he is of extraordinarily small physique for a sprinter, and he may not hold up as well as more powerful men.

**MUCH SPECULATION**  
There has been much speculation concerning Hartman and the sprint. Coach Templeton stated before leaving that because of a bad ankle Hartman did not enter the dashes unless it should happen that he practically wins the shot and discus on Friday. This is possible, as all marks in the weights are carried over from Friday to Saturday, and a first throw may win an event. However, judging from the manner in which the Stanford weight star was working just before starting on the journey east, he may need

## ATHLETE BUMS WAY TO MEET

[EXCLUSIVE DISPATCH.]

CHICAGO, May 23.—Jim Draper, crack track man of Georgetown (Tex.) High, was so anxious to participate in the University of Chicago national interscholastic meet this week, that he left the west-coast vicinity of his native mud and rode the "blinds" to Chicago, arriving here today after two nights and one day of bumming.

The people of Georgetown, following the flood that recently swept that part of the State, were unable to finance Jim's Chicago trip, but the lad "hooked" a flyer and stood for eleven hours straight between two Pullmans during one stage of his journey. He holds the Texas record in the 100-yard dash and won the A. & M. meet, doing the distance in 19.1-5.

According to information at hand, Stanley Frye is recognized as one of the best light heavies developed on the Coast in some time. He is well built, starts to work at the opening gong. Not only can he hit, but he is a good boxer and one who knows all the tricks of the trade.

**A REAL RING ARTIST**  
According to information at hand, Stanley Frye is recognized as one of the best light heavies developed on the Coast in some time. He is well built, starts to work at the opening gong. Not only can he hit, but he is a good boxer and one who knows all the tricks of the trade.

**BEARS FIGURED HIGH**  
The Bear outfit is believed to be thoroughly capable of taking 47 points. The first five places count in the I.C.A.A.A. Stanford's possibilities are somewhat as follows: Sudden, 8 points in two sprints; Falk, 7 points in two hurdles; Williamson, 2 in the quarter-mile; Hanner, 4 in the pole vault; Black, 4 in the shot; and Hartman, 16 in shot and discus. By this line of doping, Stanford is considered capable of 35 points without Kirksey, Daly, Minsky and Hayes, whose chances are uncertain.

## ALEXIA STIRLING IS WINNER AT GOLF

[BY A. P. MONT WIRE.]

CONVENT (N. J.) May 23.—Alexia Stirling, former national champion, was in good form today and easily defeated Mrs. L. Anderson of Cherry Valley, Garden City, L. I., 5 up and 3 to play in the women's Metropolitan Golf Association tournament. Miss Stirling, now of the North Hempstead Country Club, Long Island, went out in 44 and ended the match with a two at the 220 yard fifteenth.

## FOUR FEATURES ON CLUB CARD

Nine Bouts Will be Staged at L.A.A.C. Tomorrow

Frye to Meet Hugh McDonald in the Wind-up

Manuel Martinez Will Hook Up With Joe Salas

There will really be four main events instead of one at the boxing show to be staged at the Los Angeles Athletic Club tomorrow evening.

George Blake, the energetic boxing instructor of the L.A.A.C., has arranged a card of nine bouts that appear to be the classiest the Mercury institution has offered to the local boxing public since the game was revived at the Athletic Club.

The feature event, however, will enable the patrons to get a good look at Stanley Frye, Multnomah Athletic Club, and present possessor of the Pacific Coast amateur light heavyweight crown.

Frye's brother, Clayton, who is also a champion, is in the welterweight division, fought the main event at the last L.A.A.C. affair. He defeated Kenneth Moffatt in what was termed one of the best fights held here in some time. Stanley Frye is out to make the same impression upon the club boxing patrons that his brother did.

**A REAL RING ARTIST**  
According to information at hand, Stanley Frye is recognized as one of the best light heavies developed on the Coast in some time. He is well built, starts to work at the opening gong. Not only can he hit, but he is a good boxer and one who knows all the tricks of the trade.

**CLARK TO REFEREE**  
Ernie Clark will referee, with H. M. Walker and Fane Norton acting as judges. Reservations for seats were made by calling Keppen at the L.A.A.C. The list of bouts:

## HARRY GREB BEATS TUNNEY

(Continued from First Page)

dashed into a clinch and there was a fierce struggle, but Greb, who was in the lead, forced Tunney to the ropes. Greb and Tunney fought a hard battle, but Greb, who was in the lead, forced Tunney to the ropes. Greb and Tunney fought a hard battle, but Greb, who was in the lead, forced Tunney to the ropes.

## PONDER TOPS COAST PITCHERS

[BY A. P. MONT WIRE.]

SAN FRANCISCO, May 23.—Ponder, Los Angeles, continues to lead the pitchers' percentage column of the Pacific Coast League with six victories and no defeats, giving him a mark of 1.000. Hencke, Seattle, also holds a perfect record, with three wins and no defeats.

Mitchell, San Francisco, has a mark of .857, having won six games and lost one. Dell, Vernon, stands at .833 with five wins and one loss.

Other pitchers high on the list with their percentages are: Walberg, Portland, four won, one lost, .800; Arlett, Oakland, nine won, three lost, .750; Glider, Vernon, three won, one lost, .750; May, Vernon, six won, three lost, .667; Thomas, Los Angeles, six won, three lost, .667; Scott, San Francisco, six won, three lost, .667; Faeth, Vernon, four won, two lost, .667; Thurston, Salt Lake, four won, two lost, .667; Gould, Salt Lake, four won, two lost, .667; Berger, Seattle, two won, one lost, .667; Crandall, Los Angeles, six won, four lost, .600; Jacobs, Seattle, six won, four lost, .600; and Frough, Sacramento, three won, two lost, .600.

**SPORT SHAPNEL**  
By HARRY A. WILLIAMS.

"Remarkable, most remarkable, that he should still be in the game," remarked a fan recently when Frank (Wildfire) Schulte stepped to the plate here and slapped out a three-bagger. "Why, he was in the world series of 1906, Cuba vs. White Sox."

And it does strike one as rather extraordinary, possibly because no other member of the Chicago club of that day is still active. And on first thought one might be inclined to declare it without present parallel. Schulte was in his prime in 1906, and sixteen years is some span for an athlete.

But, turning another leaf, we find Ty Cobb appearing in his first world series in 1907, and prior to that launched on his brilliant career, still playing as a regular, albeit possibly on his last season as such. Seasons have elapsed since Schulte was a regular in fast company.

And yet it is possible that Schulte today is a better athlete physically than Cobb. Ty had something which Frank lacked.

This something spanned the difference between better-than-ordinary ability and real greatness. Bringing back to me a remark made by Frank Chance when the Cubs were in their prime.

"If Schulte had the fight, aggressiveness and spirit of Cobb he would be his equal or greater," declared the Fearless One. "He has everything else."

Possibly the absence of these things explains why Cobb is still a regular and Schulte a mere minor-league sub. In fact, it probably does. Both, however, are remarkable athletes.

Last winter Cobb struck close observers as pretty well in physically. His legs appeared to have lost their spring, and he lacked the expected resiliency in his general movements. He seemed to be forcing himself. These things were more noticeable, of course, as he was observed in contrast with such players as Rogers Hornsby and George Sisler. Also, the fire for which he was famous degenerated dangerously close to peevishness on one or two occasions. Plainly that something which Schulte lacked was keeping Cobb in the game.

Here is a nervous, high-strung athlete outlasting a phlegmatic, easy-going performer. Which is quite contrary to theory. Still it is too early to draw final conclusions. We must wait and see whether Schulte is still playing utility roles after Cobb has shed his uniform for the last time.

Some of the old Cubs, however, quit the game with money. One was Frank Chance and others Big Left O'Connell and Del Howard. Possibly still others. But there were no really big earnings in baseball then. Of the remaining list, Evers, Steinfeldt, Tinker, Shocker, Hoffman, Kling, Brown, Raubach and Pfeister, with the exception of Schulte, and possibly Hoffman, none, I believe, is in the game as a player.

Comprising the championship Detroit club of the following year were Roseman, Schaefer, Coughlin, O'Leary, Jones, Crawford, Cobb, Schmidt, Payne, Archer, Kilian, Mullin, Donovan and Seiver, with Cobb as the only active survivor.

Thus we finished as we started, mainly with Schulte and Cobb. Schulte could hardly, even as both his eyes were covered with blood.

**ROUND FOURTEEN**  
Greb was in the lead, but Tunney was in the lead. Greb was in the lead, but Tunney was in the lead. Greb was in the lead, but Tunney was in the lead.

**ROUND FIFTEEN**  
Greb was in the lead, but Tunney was in the lead. Greb was in the lead, but Tunney was in the lead. Greb was in the lead, but Tunney was in the lead.

PORTLAND (Or.) May 23.—Reinforced by their new second baseman from the Philadelphia Athletics, Frank Brant, the Beavers slaughtered two Salt Lake pitchers today and won under wraps, 13 to 3. Brant made four hits in five times up, two of them doubles and his single to center in the first inning with the bases loaded scored Portland's first two runs. In the seventh, with the score 4 to 3, Portland filled the bases on Bromley on three successive hits, and when Blasholder relieved him, greeted him with a barrage of singles and doubles for a total of six runs. Of nine batters up in the inning eight made hits.

## VALENTINO CASE TO TEST LAWS

Result May Involve Other  
Recent Weddings

Frank Mayo's Marriage May  
Come Under Ruling

Decision Probably Will Go  
to Highest Court

Dist. Atty. Woolwine announced yesterday that other bigamy cases where the ceremonies were performed outside of California but the marriage consummated within this State would not be taken up until after an outcome of the Rodolph Valentino case.

The announcement was made immediately following the statement that Mr. Woolwine and Deputy McClelland had abandoned for the time a contemplated visit to Tijuana to investigate the circumstances of the marriage here of Frank Mayo, cinema star, and Dagmar Godowsky, daughter of Godowsky, famous pianist. Tentative plans had been made for the trip, but it was stated yesterday by Mr. Woolwine that because no case like the one against Mr. Valentino had been decided in court, action as to other cases of the same nature would be delayed until after a high court has determined the legality of the statute.

While it was stated the inquiry regarding the Mayo marriage was not being gone into so far as the Tijuana angle is concerned, Detective-Sergeants King and Winn continued their investigation of the local facts as to the Mayo and the Valentino marriages.

It was understood yesterday that W. I. Gilbert, defense counsel for Mr. Valentino, intends to bring up questions that will result in a test of the California statute which authorizes the prosecution, as in the Valentino case, in this county or country, where the marriage relation was consummated in this State, whether in this county or not. The charge against Mr. Valentino is that his marriage was consummated at Palm Springs, Riverside county. Whether Mr. Gilbert will sue out a writ of habeas corpus, and thus carry the test of the statute directly to the State Supreme Court or go ahead with the hearing before Justice Hanby, June 1, will be known soon. The question of constitutionality can be raised in the justice court, it was stated.

Mr. Valentino is now at liberty on bonds of \$10,000, furnished by Justice Follette's court. He is accused on two counts of bigamy, the first count asserting the regular charge of that nature. The second brings forward the statute which authorizes the prosecution of a case where the marriage was performed out of the State and consummated within its border.

## BARKER WILL FILED

Furniture Man's Estate Is Left to  
Widow and Son

The will of William A. Barker, president of Barker Brothers, who died the 17th inst., was filed for probate in the Superior Court yesterday. The petition names Charles Lawrence Barker, a son, as executor and divides the estate evenly between him and the widow, Mrs. Pauline Barker. The petition gives the value of the estate at "more than \$10,000." It includes the family home at 3300 West Adams street, J. W. Bean and Frank K. Colby witnessed the paper, which was very short.

## OUR HASKIN'S NOT IN OIL BUSINESS

Frederic J. Haskin, director of the Washington Information Bureau of The Times, is not engaged in any other business.

Some one with an almost identical name, calling himself "editor" and "publisher," and using literature bearing the words, "Haskin Information Bureau," is seeking money from the public to invest in oil stocks of his own choosing.

Note carefully that the name of the man in our employ is Frederic J. Haskin, and remember that he has nothing to do with the oil business or any other investments. The Los Angeles Times pays for his services and the work he does for our readers is entirely free.

## NEGRO OIL MAGNATES VISIT CITY

Oklahomans Here in Interest of  
Colonization Project for Their Race

Eleven negro oil magnates from Oklahoma, rated as the wealthiest members of their race in the world, were guests of Los Angeles and the Chamber of Commerce yesterday on a tour of the city.

Their combined wealth is between \$5,000,000 and \$8,000,000, it is stated.

The party is headed by J. R. Key of Okmulgee, Okla., known as the "Rockefeller" of his race. He is the owner of 3800 acres of oil land in his native State and his wealth, according to the last income tax returns, is in excess of \$2,000,000.

The party is en route to Santa Clara, Lower California, where the Lower California Land Development Commission has begun a colonization project for negroes. From Santa Clara they will journey to Mexico City where they will be received by President Obregon.

The visit to Los Angeles is the result of efforts on the part of Hugh McBeth, negro attorney of Los Angeles. He hopes to induce the negroes to invest the incomes from their Oklahoma oil wells in Southern California, besides inducing them to make this city the United States headquarters of the colonization project, in which they are intensely interested.

Every one of the eleven is entitled to call himself a "self-made" man. Every one of them worked with his hands to obtain the capital upon which he built his fortune. Originally they purchased land for farming purposes. Then came the boom. With a shrewdness not ordinarily displayed by members of their race, they led to the purchase of portions of their land. Oil was struck. With the proceeds from the leases they began their own drilling.

To avoid the close observer they would not be taken for millionaires. All were dressed in dark clothing and plain white linen. Only two wore diamonds on their hands, and those were of modest size. Even Key, the wealthiest, drives his own automobile while at home, preferring this to a chauffeur.

Yesterday afternoon they were taken in automobiles on a tour of the city and Los Angeles Harbor under the guidance of Clarence H. Matson of the foreign trade department of the Chamber of Commerce. They will depart for Lower California this morning.

Those making up the party were J. R. Key, chairman; J. D. J. Wallace, W. T. Haywood, Mac Brown, all of Okmulgee; S. D. Lyon and Willis Tucker, Oklahoma City; William Mamey, Bristol; Roland Combs, Tabor; William Wright, Slick; Atty. Hugh McBeth of Los Angeles.

## BENEFIT MUSICAL

A benefit musical and literary charity festival will be given tomorrow night at the Goldberg-Bosley Hall by the American Hispanics in this country. Funds derived from the festival will be used in the construction of a home for orphans and old people of the organization.

## BOOKLET HANDY FOR FAMILIES

The mother who understands clearly the symptoms of children's diseases can often prevent the serious consequences that grow out of neglect.

"The School Child's Health," an authoritative free booklet prepared by the American School Hygiene Association with cooperation of the American Red Cross, is invaluable in identifying more than forty diseases common among young folks.

Write name and address clearly on the coupon, enclosing 2 cents in stamps for return postage, and send to Los Angeles Bureau, Washington, D. C. To avoid wrong delivery at Washington use full address as given. Do not send to The Times' Los Angeles office.

Frederic J. Haskin, Director, The Los Angeles Times Information Bureau, Washington, D. C.

I enclose herewith 2 cents in stamps for return postage on free copy of "School Child's Health."

# —5 DAYS—

## Profits in Palos Verdes Estates

Only 5 more business days remain in which you may subscribe for the Trust Indenture Convertible Notes of Palos Verdes Estates, and buy your improved frontage in this magnificent seashore city site AT ACTUAL COST OF LAND AND IMPROVEMENTS

### Land Profits

The cost of the raw land in Palos Verdes Estates is \$312 an acre, or Five Million Dollars in all.

Conservative estimates made to E. G. Lewis, General Manager of Palos Verdes Estates, by the head of a large bond investment corporation of San Francisco now negotiating with him for the placing of Palos Verdes Estates Non-Convertible Notes place the actual value today at Sixteen Million Dollars, or more than 200 per cent above its cost to investors in Trust Indenture Convertible Notes.

### Improvement Profits

Assessed valuations in Long Beach, close to Palos Verdes Estates, have increased about One Hundred Million Dollars with public improvements amounting to only about two million dollars and the natural increase in population and housing. PUBLIC IMPROVEMENTS PLANNED FOR PALOS VERDES ESTATES ARE ESTIMATED TO COST THIRTY MILLION DOLLARS and should increase the value of the property many times this amount.

### Total Profits

Assuming an increase of only 200 per cent from all improvements, including parks, planting, boulevards, golf courses, community centers and all other developments, and adding the 200 per cent estimated profits from raw land values, the result is a profit of at least 400 per cent on the investment to subscribers to the Convertible Notes. An inspection of Los Angeles residential values during the last ten years should convince you that this profit is not unusual to investors who buy the raw land and develop it.

### How to Proceed

Make your reservation NOW for your Trust Indenture Convertible Notes, with their great opportunities for profit, at the General Sales Offices, 929 S. Broadway, or simply telephone Pico 8763 and our representative will call on you. With a first payment of only \$100, and the remainder on easy installments, you may lay the foundation of a comfortable fortune by securing Convertible Notes enabling you to buy Palos Verdes improved land AT COST to the amount of One Thousand Dollars. Only 5 business days remain in which to act.

### UNDERWRITING SUBSCRIPTION PALOS VERDES PROJECT

E. G. LEWIS,  
Care of TITLE INSURANCE AND TRUST COMPANY, TRUSTEE,  
Los Angeles, California.

1922.

I, a Commission, hereby subscribe toward underwriting the Palos Verdes Project, so-called, situated in Los Angeles County, California, and promise and agree to pay to Title Insurance and Trust Company, Trustee, at its office in the City of Los Angeles, California,

For CONVERTIBLE Trust Indenture Underwriting notes ..... \$.....

of which total subscription, ten per cent (10%) (\$.....) is herewith paid, and the balance of said subscription I promise to pay in ..... equal monthly installments, beginning on the first of the next calendar month and continuing thereafter on the first of each calendar month until fully paid, together with interest on all deferred installments from date hereof until paid at the rate of seven per cent per annum, payable with each installment.

The said notes and the installments of principal paid in on this subscription are to be secured by a certain trust indenture and agreement executed by you as Trustee and Title Insurance and Trust Company as Trustee covering the lands of the said project which are described in said trust indenture. The selections under said convertible notes may be made at the time and in the manner authorized by said trust indenture and agreement. This subscription is made subject to, and the said project shall be carried out in conformity with, and your percentages and compensation are fixed by, the terms and conditions of the said trust indenture and agreement. It is understood by me that said notes will not be issued until the title to said lands has been acquired by the Trustee, and that no representations or promises other than those herein contained shall be binding on the Trustee or said Lewis.

If a total face amount in subscriptions of fifteen million dollars shall not have been received or said amount otherwise provided for, or made up, on or before January 1, 1923, then the full amount of the payments hereunder, less the Trustee's charges of one per cent of the amount paid, shall be returned to me.

Signature .....

Street Address .....

Postoffice Address .....

Make all checks, drafts and money orders payable to Title Insurance and Trust Company, as Trustee, and mail same and this subscription to said Trustee at Los Angeles, California.

There's Health in  
Mountain Valley Water

## Stomach, Liver, Kidney and Bladder DISEASES

CAN you pass a life insurance examination? You can't if there is the slightest trouble with your stomach, kidneys, liver or bladder. Slight disorders of these organs grow slowly and almost imperceptibly into grave and dangerous diseases.

Thousands of sufferers drink Mountain Valley Water at Hot Springs, Ark., the home of Mountain Valley Water. Great quantities of this water are used, on the advice of physicians, by sufferers from various diseases of the stomach, liver, kidneys and bladder, with very beneficial results.

You can now obtain the help of Mountain Valley Water delivered in bottles or metal casks, Mountain Valley Water is now available to all ailing people in this city. Physicians prescribe Mountain Valley Water in cases of

Bright's Disease, Diabetes, Rheumatism, High Blood Pressure, Hardening of the Arteries, Gravel, Encephalitis, Uric Acid, Stomach, Liver Kidney and Bladder Diseases.

### Each year for fifty years

thousands have drunk this famous water from Hot Springs, Ark. Some drink it as preventive of disease—some on the advice of their physicians for specific ailments for which it is recommended—some as a pure, delicious and refreshing table water.

### Call 238-71—or write us today

for complete information about Mountain Valley Water and how it has aided others in their search for health. We will gladly send you the very interesting Mountain Valley booklet, together with analysis and price of this wonderful water.

Come in and sample Mountain Valley Water Free.

## POWER INCOME TO PAY COSTS

Reduction of City's Tax  
Levy is Promised

Surplus from Revenue is  
Expected for Year

Engineer's Estimate Made  
of Electric Earnings

The Board of Public Service Commissioners adopted a resolution late yesterday afternoon, which will be forwarded to the City Council announcing that the city's bureau of power and light hereafter will pay all interest and sinking-fund requirements on outstanding power bonds from its revenues. The bond issues include those to construct the hydro-electric power plants along the Aqueduct and to purchase for \$12,000,000 the Los Angeles distributing system of the Southern California Edison Company, which the city took over on the 15th inst. These payments will amount during the next fourteen months to \$3,044,932, and will result in a reduction of the city tax levy which has heretofore included these interest and sinking-fund charges on power bonds.

**REDUCTION MADE**  
The Board of Public Service Commissioners recently made a 12 per cent reduction in the charges for power and light paid by the 120,000 former Edison consumers in Los Angeles, but Chief Electrical Engineer Scattergood in a report to the board yesterday stated that in spite of this reduction in rates and these interest and sinking-fund payments, the Bureau of Power and Light, after paying operating, depreciation and maintenance charges on the power system, will have available for construction work during the next fourteen months, \$3,302,887, of which \$3,302,000 will be spent on betterments and extensions to the former Edison system in Los Angeles.

Chief Engineer Scattergood estimated that the end of the next fiscal year the bureau will have, after meeting all bond charges, operation, maintenance and depreciation costs, a surplus of \$3,473,710.

**ENGINEER'S REPORT**  
It was stated in Mr. Scattergood's report to the Public Service Commission, that interest and repayments of outstanding power bonds for the next fourteen months, beginning the 1st inst., will amount to \$3,034,932. Of this sum, \$1,350,000 will be applied on the \$12,000,000 Edison purchase bond issue. Following the taking over, by the city, of the Edison distributing system, it is estimated by Mr. Scattergood that the gross earnings of the Bureau of Power and Light from the 1st inst. to July 1, 1923, will amount to \$3,357,410. Out of this amount the bureau will expend \$1,004,708 for the purchase of power from the Edison Company. Other expenditures will be for operating and maintenance costs, \$1,111,917 for depreciation and a reserve fund, \$697,580. The total of operating and fixed charges to be made by the bureau during the next fourteen months, it was estimated by Mr. Scattergood, will amount to \$3,545,694.

## YEGGS BIND JANITOR AND BLOW SAFE

Eastern Cracksmen Sus-  
pected of Cracking Palais  
Royal Strong Box

Three wise yeggs from the East—"rim-shooters"—are responsible for the safe-blowing party yesterday at the Palais Royal Cafe, 414 1/2 South Hill street, in which \$5000 was obtained, police believe.

Although Raymond Yanes, the janitor, who was gagged and bound, declared he saw only one man, information in the possession of the detective bureau indicates that the robbery was the work of a gang of three suspects. These three men, believed to be expert cracksmen, have been in Los Angeles for a week and have been shadowed. Their arrest is expected.

The leader of the gang, who handled the "saw" or "nitro-glycerin" to blow the door of the safe, first bound the janitor with hemp rope. The robbers descended the concourse with piles of stolen linen. The leader was described as six feet tall, of slender build, clad in white-tipped overalls, a dark coat, palmer's white cap, and carried his tools in a canvas bag. One of his accomplices is believed to have remained in the alleyway as a lookout while the other sat at the wheel of an automobile half a block distant. The crackman is believed to have gained entrance to the safe via the fire escape.

The same gang is believed responsible for the safe-blowing at the Madison Pierre Cafe, 118 West Seventh street, Monday morning in which \$1500 was taken.

## Drivers in Auto Economy Run to Appear in Court

Thirty-two drivers of cars in the annual economy run from Los Angeles to Camp Curry, Yosemite National Park, are scheduled to appear in Justice Hinshaw's court today to answer to charges of violating the State traffic regulations while driving over the Ridge Route.

In most of the cases it is charged that a speed of twenty-eight miles an hour was maintained over the Ridge Route. Because of the fact that many of the drivers have not yet returned from the "tightwad" run, it is probable that action will be taken today to have the cases continued for one week in order that all who participated in the annual run may be present in court.

In addition to the economy run cases, the court has about 230 cases of other violations of the county and State traffic laws to consider.

PUPILS TO HEAR  
DARWIN THEORYHuntington Board Approves  
Lecture SeriesSome Residents Disapprove  
Plan, is ReportMany Classes Arrange to  
Present Plays

Beginning with the next fall term, students of the Huntington Park High School will be given an inside view into the habits and manners of their ancestors, when they swing perilously by their tails in the primeval forests, cracked venerable cocoanuts, peeled prehistoric bananas, and wooed the female of the monkey species, in real caveman fashion. In short the Board of Education, of Huntington Park has given the Popular Science Society permission to deliver lectures to the school children of the city on the Darwinian theory of evolution.

People of all ranks and ages, may attend the lectures, but they are to be given for the particular benefit and enlightenment of the younger generation.

No small amount of surprise was created when the board granted permission to the society to give lectures and in many parts there is a distinct feeling against such subjects being taught to school students.

The special object of the lectures has not been made known but it has been said that they will cover the larger part of the twenty-week term and that a graduation credit will be granted to those who indulge in this ancient history.

Under the direction of Miss Ellen Galpin, "David Garick," the romantic drama recently produced by the Players Club of Manual Arts High School will be presented Friday evening in the auditorium of Normal Hill Center for the benefit of the Children's Theater. This department of the City Playground organization, which has as its object the entertainment of children and their elders by plays written for and produced by children, is planning to expand by giving an adult section, which will give grown-ups with a leaning to the stage, an opportunity to indulge their inclinations. The first performance under the new order is promised for June 18, next.

Since its formation a few seasons ago, under civic supervision, the Children's Theater has used, for rehearsals and performances, the auditorium of the old Normal Hill Center at Normal Hill Center. Recently the Playground Commission of the city asked for the salvage from the present building, which it is planned to raise to make way for the new library, in the belief that from the former a commodious and creditable juvenile theater can be built, either

Two high-class one-act plays are to be presented by the members of the Los Angeles High School Players' Association on June 1, in the school auditorium.

Both plays are well known and are famous for their adaptability to amateur casts. They will both be directed by student directors, Bayler Brooks directing the first, "Trifles," and Page Jones directing the other, "The Wonder Hat."

A dance will be given by the members of the Los Angeles High School Commercial Club Saturday evening in the ballroom of the Navarro Apartments, which are located at Ninth and Alvarado streets.

A large number of old members of the club who have left the school are expected to attend the first get-together of the term and it is possible that more affairs of the kind will be planned.

Miss Dorothy Mills, 18 years of age, played two piano solos in the program from 1 to 1:45 p.m. Her numbers were "The Rondo Capriccio," by Mendelssohn, and "Murmuring Zephyr," by Kernan.

The poem "The Voice," by Frances Elliott Kane was read and a bedtime story was told.

Women Hostess for Five Minutes: He Looks Home

Mrs. F. C. McPeak, 3415 Gramercy Place, left her residence for five minutes yesterday to see if her children were on their way home. A fast-working burglar took advantage of her absence to enter the house and steal a number of valuables.

on ground adjoining the proposed library or at some other spot in the downtown section.

Miss Galpin has recently been placed by the Playground Commission, in charge of the Children's Theater activities.

The annual High Links of the girls of the Los Angeles High School will be held Friday afternoon and evening of this week at the school.

Skit, songs and dances will be presented by the girls for the pleasure of themselves and their mothers.

Under the direction of Sarah F. Wolverson, girls' vice-principal of the school, the program has been worked over until a high-class series of acts are promised. The male of the species, however, is very much taboo as only girls and their mothers are to be allowed to enjoy the fun.

The program will start at 3:30 p.m., and a basket lunch will be served in the cafeteria at 4 p.m. Cocoa will be made by the girls.

Listening in  
KHJ

E. B. Laffaris, manager of the public safety department of the Automobile Club of Southern California, is broadcasting from KHJ a series of daily one-minute talks bearing on the "Safety-First Movement" in Los Angeles. His first message was given yesterday.

Headphones can be ruined by dropping them. Each time a pair of phones is subject to a jar, their working life is shortened. At the present cost of headphones it pays to be careful with them.

Nearly all the radio supply houses have listening-in equipment where people may go and hear what's doing in the air. Some of the automobile showrooms are also equipped with radiophone receiving sets and are open evenings.

Fans Warned  
to Guard Sets  
Against Theft

Radio fans are warned to close guard their receiving sets and apparatus against thefts. Police reports reveal that the radio thief is operating on an increasingly large scale.

Police Statistician Lyons has prepared figures which attest a steady rise in thefts of this nature, and indications are that the loss will amount to thousands of dollars unless precautions are taken.

Six radio thefts since the 1st instant, it is valued at \$700, are an augury of the extent of this new form of larceny. There have been twenty-nine radio thefts since January 1, as shown by the following table: January, two radio burglaries; February, three; March, seven; April, eleven, and up to May 23, six.

Radio sets were stolen from the following addresses: 615 South Grand avenue; 3312 Baldwin street; 673 South Los Angeles street; 2708 South Main street; 2501 West Pico street; 3754 Ruthellen street.

Blind Bring  
Joy to Blind  
by Radiophone

The following letter was received from the Soldiers' Home: "The Times Radio Department. It was with great pleasure and satisfaction that the ex-service men at the Soldiers' Home listened in to the concert Saturday night, which was rendered by the blind. We can appreciate the effort put forward by those who are in the world of darkness, for such is our condition also. We thank the Times for its part in this very enjoyable evening and we want our congratulations forwarded to the artists of Saturday night's entertainment. It was very good. Sincerely, The blind ex-service men of Company Eleven, Ward No. 1."

Chemical Leak  
Causes Danger  
to Pedestrians

Scores of pedestrians were endangered late yesterday when a fifty-gallon drum containing carbon bisulphate caught fire and threatened an explosion at Second and Los Angeles streets.

William Howard, wagon driver for the Pioneer Paper Company, unhooked the four horses hauling the load and drove them out of danger. A plug in the drum is believed to have been jarred loose, allowing the chemical to escape. A quick response by the fire department arrested the possibility of an explosion and prevented much damage.

**WIFE OF ATTORNEY SUED FOR SLANDER** MRS. GENEVIEVE W. SCHENCK DEFENDANT IN \$35,000 ACTION

Asserting that Mrs. Genevieve W. Schenck, wife of Paul Schenck, attorney, made the statement in the presence of a witness that he had forged her husband's name to a check, J. M. Covington, former owner of the Nat Goodwin cafe, Santa Monica, yesterday filed suit in the Superior Court for \$35,000 damages, charging slander.

The complaint, filed through Atty. L. W. Roth, states that on May 26, last, Mrs. Schenck, in the presence of Miss Ida Ward, said: "Murden had forged Paul's name to a \$1500 check."

Murden, the complaint explains, means Mr. Covington. It is further stated that the asserted slander was uttered by Mrs. Schenck for the purpose of "discrediting and dishonoring" Mr. Covington. Mr. Schenck, the husband, who is made a defendant in the suit with his wife, last night said he did not care to discuss the action in any way.

"I have no statement to make," was his only comment.

**FILM IS IGNITED** Resultant Blaze Does \$3000 Loss to Laboratory

The breaking of a projection apparatus at the Rothacker and Allen film laboratories, 8515 Melrose avenue, late yesterday, caused a quantity of film to become ignited and resulted in damage estimated at \$3000. Sergeant Stevens and the Hollywood police station day squad assisted the fire department in extinguishing the flames.

**LASH RATES**

**ORDER GIVE**

**TO RAILWA**

(BY A. P. HUNT WIRE.)

WASHINGTON, May 24.—The highest rates will be paid by the government for the transportation of troops and their equipment, a decision of the Interstate Commerce Commission announced today. Practically all classes of freight are affected by the decision which marks the end of the investigation of the war-time rates on the part of the commission. On its own initiative, the commission has decided to raise the rates on existing freight contracts.

Commercial products in all parts of the country outside of England live stock, grain and grain products, the chief commodities excluded from the reduction, these commodities will be paid at the rates of the war-time rates. The commission's decision is expected to have a beneficial effect on the transportation of troops and their equipment, and on the transportation of other commodities. The commission's decision is expected to have a beneficial effect on the transportation of troops and their equipment, and on the transportation of other commodities.

**ANNUAL RETURNS**

The decision on rates was announced also in connection with the annual returns of the commission. The commission's decision is expected to have a beneficial effect on the transportation of troops and their equipment, and on the transportation of other commodities.
